### 🔍 TROUBLESHOOTING

If your device won't charge, please try removing your phone case. While our wireless charging is case friendly, a very thick case (above .25" thick,) can disrupt charging transmission. Additionally, if you have any mounting magnets on your phone, that may also disrupt an effective charge.

### 📏 SPECIFICATIONS

Input : 5V/2A - 9V/2A Output : 5V/1A 9V1.1A  
Wireless Charger Output : 10W/7.5W/5W USB Output : 5V/1A(MAX)  
Transmission Distance : ≤6MM USB-C Charging Cable : 3.28FT

### ⚠️ WARNING

This device is not a toy and should be kept away from children. The product must not be dropped or subjected to impact. Do not use the device in humid environments or in extremely hot / cold temperatures. Do not use chemicals or abrasive detergents to clean the product. Please return for repairs if the product is defective. The warranty is invalid if the product has metal rust, water damage, or other natural oxidation.

### 🛡️ WARRANTY

This product has a 1 year warranty against defects in manufacturing under regular consumer use. For instructions about how to obtain warranty service for your product, please contact Customer Service: info@primebrandsgroup.com.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

## Wireless Charging Stationery Cup

USER MANUAL

Inside

Inside

5 in

Thank you for choosing the SOAR Wireless Charging Stationery Cup. High speed charging and convenient organization for your home or office. Please familiarize yourself with the wireless charging functionality of your smartphone or device before use.

Contents : Wireless Charging Stationery Cup, USB Type C Charging Cable, User Manual

### 🔑 PRODUCT KEY

- |                            |                         |
|----------------------------|-------------------------|
| 1. Stationery Cup          | 4. USB-C Power Input    |
| 2. LED Indicator Light     | 5. USB Charging Ports   |
| 3. Wireless Charging Stand | 6. USB-C Charging Cable |

### 🔌 ON / OFF

To power on the wireless charging stand (3) use the included USB-C cable (6). Plug the USB-C end into the USB-C power input port (4) on the back of your Wireless Charging Stationery Cup. Plug the USB end into a suitable 5V wall charger or port. When the product is on the LED indicator light (2) will light up red.

### 🔌 CHARGING

Once your Wireless Charging Stationery Cup is plugged in and the LED indicator light (2) is activated, simply place your smartphone or device onto the wireless charging stand (3).

Your smartphone or device will automatically begin charging, and the LED indicator light (2) will change from red to blue.

The Wireless Charging Stationery Cup is compatible with nearly all wireless charging and Qi enabled devices. (see back for a list).

### ⚙️ FUNCTION

To charge two additional devices plug charging cables into the USB charging ports (5) on the back of your Wireless Charging Stationery Cup.

Fill your stationery cup with pens, pencils, scissors, change, hard candy, or anything else convenient to have on hand.

Compatible with nearly all phone cases. The wireless charging transmission distance will power phones through them.

#### FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

#### FCC RF exposure statement:

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance between 20cm the radiator your body.
