

### EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

**Conducted Emission  
Test Setup**

**Radiation Emission Test  
Setup (Below 30MHz)**

|   |  |
|---|--|
| <p><b>Radiation Emission Test Setup (30MHz to 1GHz)</b></p> | A photograph of an anechoic chamber for radiation emission testing. The walls are covered with white, square-shaped pyramidal absorbers. A white table is positioned in the center, supported by a metal stand. A yellow and black striped safety line is on the floor. A metal railing is visible in the foreground.                    |
| <p><b>Radiation Emission Test Setup (1GHz to 18GHz)</b></p> | A photograph of an anechoic chamber for radiation emission testing. The walls are covered with white, square-shaped pyramidal absorbers. A white table is positioned in the center, supported by a metal stand. A red horn antenna is mounted on a stand to the right. Blue, conical absorbers are visible at the bottom of the chamber. |
