NOTE

1. Please avoid strong impact, extreme heat and exposure to the wristband.
2. Please do not disassemble, repair or transform the machine on its own.
   The use of the environment is 0 degrees ~40 degrees, and it is forbidden
   to throw it into the fire so as not to cause an explosion.
3. Please wipe the water, the wristband can be used only for the charging
   operation with a soft cloth, otherwise it will cause corrosion of charging
   contact point, charging fault.
4. Do not touch the chemical substances such as gasoline, clean solvent,
   propanol, alcohol or insect repellent.
5. Please do not use this product in high pressure and high magnetic
   environment.
6. If you have sensitive skin skin or tighten the wristband, you may feel
   discomfort.
7. Please dry the sweat drips on the wrist in time. The strap has long contact
   with soap, sweat, allergies or pollution ingredients, which may cause skin
   allergic itching.
8. If it is often used, it is recommended to clean the wristband every week.
   Wipe with wet cloth and remove oil or dust with mild soap.
9. It is not appropriate to wear a hot bath with a wristband.)
10. After swimming, please wipe the wristband in time so as to keep dry.
11. When you do the pulse rate testing, please kindly wait at least 10 seconds
    to see the stable result.
