Re: § 2.933 Change in identification of equipment

To Whom It May Concern:

This change in identification of equipment request applies to the original FCC ID: X8WBT832XE, granted on 05/29/2018. The equipment bearing the modified identification (new FCC ID: 2AYG6SDS002) is electrically identical to the original equipment. Therefore, the original test results continue to be representative of and applicable to the equipment bearing the changed identification.

Sincerely,

A handwritten signature in black ink, appearing to read 'Peyman Moeini', is written over a faint, larger version of the same signature.
