Technology	A2DP, SBC, HFP, HSP, AAC,
Speaker Sensitivity	95dB±3dB@1KHz
Frequency Range	20Hz – 20KHz
Impedance	32Ω
Charging Time	1H
Battery Life	5H (Max volume)
Battery Type	Li-polymer (2 x 32mAh)
Operating Range	10m/33ft
Weight	6.2g

Charging Case	
Charging Input	DC 5V
Charging Time	1.5H
Battery Type	Li-polymer 280mAh
Number of Earbuds Recharges	3 times (pair)
Weight	24.7g

Getting Started Charging

Fully charge the charging case before the first use. To charge, connect the charging case to a USB charger or charging port with the included USB-C cable. When the red LED Charging indicator on the outside of the case no flash, the case is fully charged. Charging may take around 1.5 hours, then case can offer fully charge to the earbuds 3 times. The earbuds should be stored in the case when not in use

Turning On / Off

Turn On	Take the earbuds out of the charging case or touch and hold on the touch-sensitive panels on one of the earbuds that you want to turn on for 5 seconds
Turn Off	Return the earbuds to the charging case and close the lid or touch and hold on the touch-sensitive panels on one of the earbuds that you want to turn off for 5 seconds

Note: A single earbud can only control its own "on" or "off" separately

Product Care & Use

1. Keep away from liquids and extreme heat
2. Don't use the earbuds at high volume for extended periods, as this may cause permanent hearing damage or loss

Pairing

Starting with the earbuds in the case:

1. Take the earbuds out of charging case, then earbuds will turn on
 2. The blue indicator will flash and earbuds enter pairing mode
 3. Turn on the pairing function via BT on the device you want to pair with the earbuds
 4. From the list of available devices and select "cotogni P3"
- Note: While it is in pairing status, pressing the touch panel for 2-3 seconds, the earbuds will be restarted

Regular Use After Pairing

Once the earbuds are successfully paired with your device, they can be switched on and off as follows:

1. Take the earbuds out of the charging case, then both earbuds will turn on and connect with each other automatically
2. To turn off, put the earbuds back in the charging case and close the lid. They will begin charging

Controls & LED Indicators

FCC Warning Statement:

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy. If not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following.

Measures:

- Reorient or relocate the receiving antenna
 - Increase the separation between the equipment and receiver
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help
- This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference
(2) This device must accept any interference received, including interference that may cause undesired operation.
The device has been evaluated to meet general RF exposure requirement.
