

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	
EUT Housing and Board View 2	

Solder Board-Component View 1	 A photograph of a green printed circuit board (PCB) with various electronic components, including a microcontroller, capacitors, and a connector. The board is placed on a blue textured surface next to a black ruler with white markings. A black pen is positioned above the board for scale. The ruler shows measurements in millimeters and centimeters.
Solder Board-Component View 2	 A photograph of the same green printed circuit board (PCB) as in View 1, showing the same components and layout. It is also placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters and centimeters.

Solder Board-Component View 3	 A photograph showing a green printed circuit board (PCB) with various electronic components and solder joints. The board is placed on a blue textured surface next to a black ruler with white markings. A small black component with two wires (red and black) is connected to the board. A label on the board reads "PASS TEST".
Antenna View	 A photograph showing the antenna view of the device. The device is shown in two states: the top part is the back cover with a label "433.22MHz Antenna" pointing to a small antenna on the back, and the bottom part is the front view showing the internal components and the antenna. The device is placed on a blue textured surface next to a black ruler with white markings.
