REGULATORY AND LEGAL INFORMATION

FCC Statement FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This product has been tested and complies with the specifications for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used according to the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which is found by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and devices.

 Increase the separation between the equipment and devices. Connect the equipment to an outlet other than the receiver's.

Consult a dealer or an experienced radio/TV technician for assistance.

2.4GHz operation of this product in the USA is firmware-limited to channels 1 through 11.

The device for the band 5150-5250 MHz is only for indoor usage to reduce the potential for harmful interference to co-channel mobile satellite systems. This device meets all the other requirements specified in Part 15E, Section 15.407 of the FCC Rules.

ruues.
Note: The country code selection is for non-US mode and is not available to all US model.
Per FCC regulation, all WiFi product marketed in US must fixed to US operation channels

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 38 cm between the radiator and your body.

This device and it's antennas(s) must not be co-located or operating in conjunction with any other antenna or transmitter except in accordance with FCC multi-transmitter product procedures.

When using this product, basic precautions should always be followed, including, but not WARNING: Do not use this product near water, for example, in a wet basement or near a swimming pool.

WARNING: Avoid using this product during an electrical storm. There may be a remote risk of electric shock from lightning.

ManNing: Do not expose this product to rain or snow. Keep this product away from heaf sources, direct sunlight, combustible gas, humidity, water, or other liquids.

WARNING: Do not use this product if visible defects are observed or if it has been wet or damaged or modified. Contact the customer service support of Linksys for assistance.

WARNING: Do not disassemble, open, microwave, incinerate, paint, insert foreign objects into this product.

beyects into this product.

 WARNING: Do not expose this product to fire or high temperature. Exposure to fire or high temperature may cause explosion.

 WARNING: Do not expose this product to mechanical shock such as crushing, bending, puncturing, or shredding. Avoid dropping or placing heavy objects on this product.

product.

WARNING: Please read the operating instructions and information on the minimum and maximum operating temperatures supplied with this product.

WARNING: To reduce the risk of injury, close supervision is necessary when this product is used near or by children.

WARNING: This product is intended for indoor use only.

WARNING: Use of this product in a manner not recommended in these instructions may result in a risk of fire or injury to persons.

Cuando use este producto debería seguir siempre una serie de precauciones básicas, incluyendo pero sin limitarse a, las siguientes:

ADVERTENCIA: No use este producto cerca del agua, por ejemplo en un sotano húmedo o cerca de una piscina.

ADVERTENCIA: No use este producto durante una tormenta eléctrica. Existe un riesgo remoto de que un rayo pueda causar una descarga eléctrica.

ADVERTENCIA: No exponga este producto a la lluvia o la nieve. Mantenga este producto a lejado de fuentes de calor, luz solar directa, gasolina infilamable, humedades, agua y otros liquidos.

ADVERTENCIA: No use este norducto si presenta deferctos visibiles si se ha moiado.

agua y otros líquidos.

ADVERTENCIA: No use este producto si presenta defectos visibles, si se ha mojado, ha resultado dañado o ha sido modificado. Póngase en contacto con el servicio de atención al cliente de Linksys para obtener ayuda.

ADVERTENCIA: No desmonte, abra, exponga a microondas, incinere, pinte ni introduzca objetos extraños en este producto.

ADVERTENCIA: No exponga este producto al fuego o a altas temperaturas. La exposición al fuego o a altas temperaturas puede causar explosiones.

ADVENTENCIA: No someta este producto a impactos mecánicos, como aplastamientos, doblamientos, punzamientos o desgarramientos. Evite dejar caer o colocar objetos pesados sobre el producto.

ADVERTENCIA: Por favor, lea las instruciones de funcionamiento y la información sobre las temperaturas mínimas y máximas de funcionamiento incluidas con este

ADVERTENCIA: Para reducir el riesgo de daños personales a niños es necesario mantener una supervisión exhaustiva si el producto lo están utilizando niños o se utilice cerca de ellos.

ADVERTENCIA: Este producto está pensado para su uso solo en interiores.

The use of software or firmware not supported/provided by Linksys products may result that the equipment is no longer compliant with the regulatory requirements.

Disclaimers and Legal Information
Specifications are subject to change without notice. Maximum performance derived
from IEEE Standard 802.11 specifications. Actual performance may vary, including lower
wireless network capacity, data throughput rate, range, and coverage. Range specifications
are based on performance test results under normal use case conditions. Actual data
throughput and range depend upon many factors, conditions and variables, including
building materials and construction, volume of network traffic, mix of wireless products
used, interference, wireless obstructions and other adverse conditions. Actual data
throughput will be lower than specified and may depend on mix of wireless products used throughput will be lower than specified and may depend on mix of wireless products used and external factors. Wireless coverage claims are used only as reference and are not guaranteed, as each wireless network is unique.

An active, customer-purchased Internet Service Provider broadband account is required for connection of this router and other connected computers and devices to the Internet. Number of connected devices is based on lab test results. Some devices may require additional wireless adapters that match this product's maximum Wi-Fi standard or an Ethernet cable to connect to this router.
