

WE'RE MAKING WAVES

6. Measurement Coordinate System

Figure 3 shows the antenna measurement coordinate system in anechoic chamber, and antenna is vertically placed. Azimuth plane is XY plane (Theta=90°), Elevation 1 plane is XZ plane (Phi=0°), and Elevation 2 plane is YZ plane (Phi=90°). The antenna is mounted on a 100mm x 100mm abs sheet and tested
