Dear Sir/Madam,

Subject: Request for Confidentiality of Certain Portions of FCC Application

I am writing on behalf of Barcelona Smart Technologies SL regarding our recent application to the Federal Communications Commission (FCC) for U-Spot-3.0. We are seeking to request confidentiality for specific portions of our application, particularly the internal photos and user's manual, for the following reasons:

- Limited Accessibility: Our device is designed exclusively for professional use. It is intended to be installed and operated by properly trained and certified technical installers. As such, the internal components of the device are not intended to be accessed or modified by end-users.
- Protection of Intellectual Property: The internal photos and detailed specifications contained within the user's manual represent proprietary information and trade secrets of Barcelona Smart Technologies SL. Disclosure of this information to the general public or competitors could result in unauthorized replication or exploitation of our technology, adversely affecting our competitive advantage in the market.
- Compliance with Non-Disclosure Agreements (NDA): We have implemented stringent measures to ensure the confidentiality of sensitive information related to our products. All technical installers are required to sign non-disclosure agreements (NDAs), legally binding them to maintain the confidentiality of any proprietary information they may encounter during the installation or servicing of our devices.

We respectfully request that the FCC grant confidentiality for the aforementioned portions of our application, to prevent the disclosure of sensitive information that could compromise our business interests and undermine the effectiveness of our intellectual property protection measures.

Please find attached a separate exhibit detailing the NDA template. We trust that the FCC will give due consideration to our request and provide the necessary safeguards to protect our proprietary information.

Thank you for your attention to this matter. Should you require any further clarification or information, please do not hesitate to contact us at [josepm.torras@urbiotica.com](mailto:josepm.torras@urbiotica.com)

Sincerely,
