

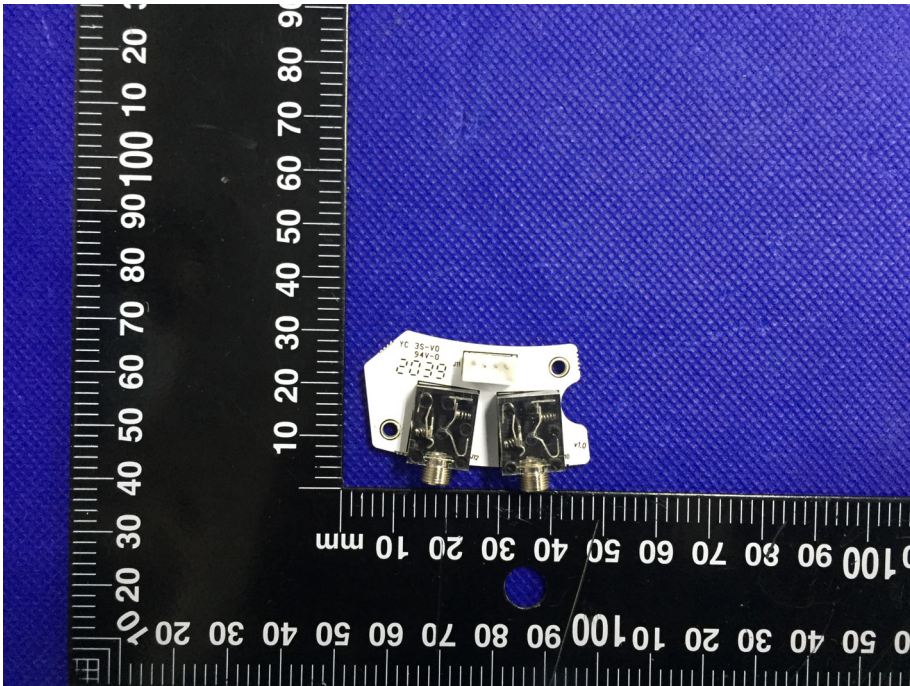

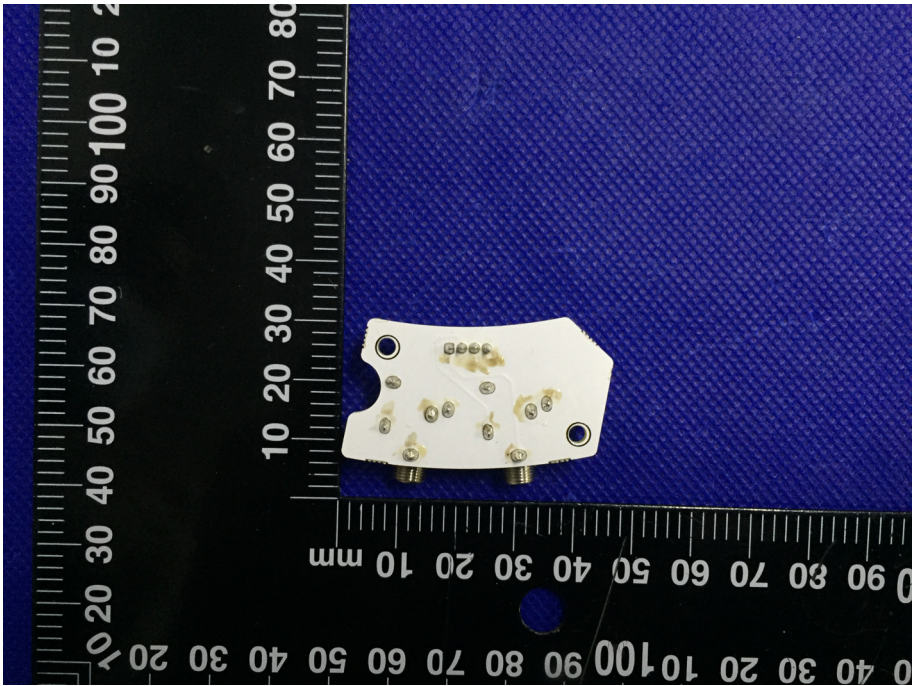

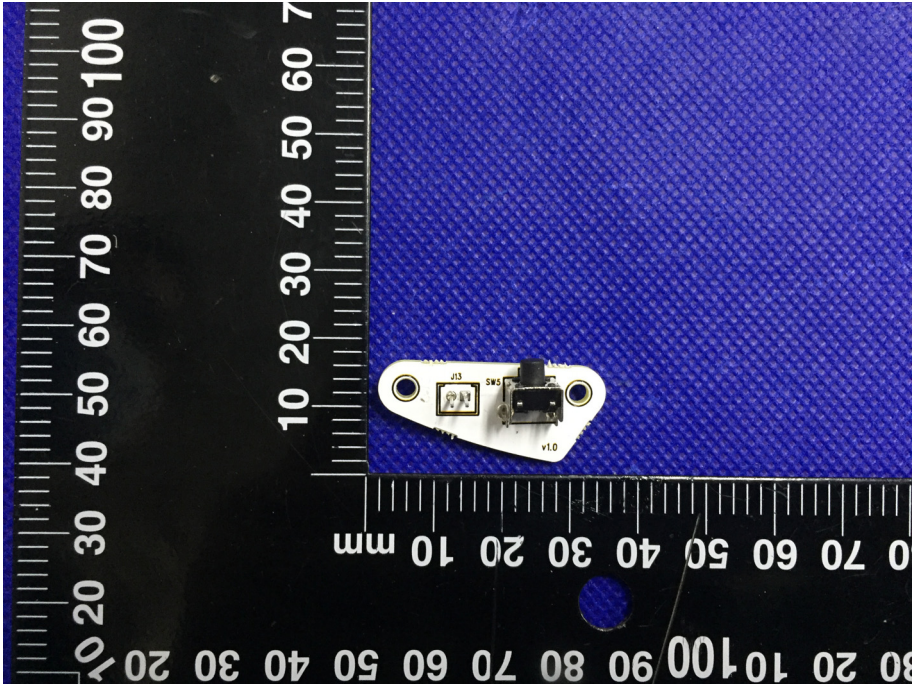

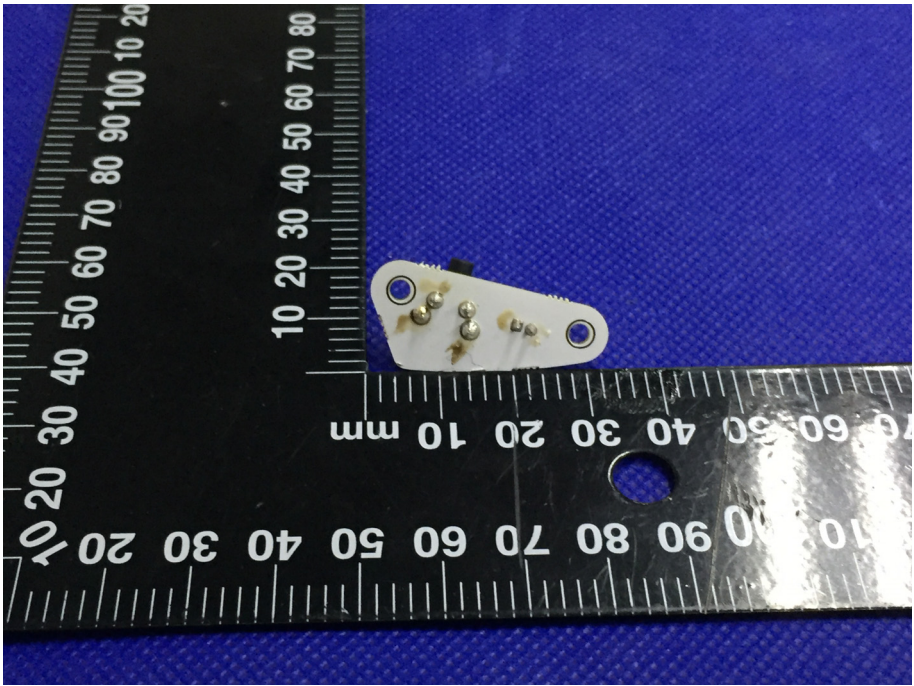

### EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p><b>EUT Housing and Board View 1</b></p>	 A photograph showing the orange plastic housing and the internal circuit board assembly of an EUT. The housing is open, revealing the board. A ruler is placed vertically to the left of the assembly for scale.
<p><b>Solder Board-Component View 1</b></p>	 A close-up photograph of the solder board component, showing various electronic components and solder joints. A ruler is placed vertically to the left of the component for scale.

<p style="text-align: center;"><b>Solder Board-Component View 2</b></p>	
<p style="text-align: center;"><b>Solder Board-Component View 3</b></p>	

<p style="text-align: center;"><b>Solder Board-Component View 4</b></p>	 <p>A photograph of a white PCB component with several gold-colored solder joints. The component is positioned on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component's length being approximately 40 mm. The component has a semi-circular shape with a notch on one side and two circular holes on the other side.</p>
<p style="text-align: center;"><b>Solder Board-Component View 5</b></p>	 <p>A photograph of a white PCB component with a black component mounted on it. The component is positioned on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component's length being approximately 40 mm. The component has a semi-circular shape with a notch on one side and two circular holes on the other side. The black component is labeled 'J13 SW' and 'v1.0'.</p>
