

**SIMOLIO®**

*JH-761M Manual*

limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**NOTE 2:** Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**1. Product Diagram**

- ① Function selection knob
- ② Volume knob/Power switch
- ③ LED indicator
- ④ Frequency scale
- ⑤ Turning knob
- ⑥ AUX port / Antenna port
- ⑦ Micro USB charging port

**2. Package Contents**

**3. User Instructions**

**3.1 Charging the speaker**

- \* Plug the supplied USB cable to the power source.
- \* The charging indicator will stay solid red when the speaker is in charge. After fully charged, the red light will go off, and the green light will be on.
- \* It takes 5 hours for the internal 2000 mAh Li-ion battery to be fully charged.
- \* When completely charged, the battery will be able to deliver 12-20 hours of radio play or 6-8 hours of Bluetooth speaker time or AUX player time. (depending on the volume)

### 3.2 Using the speaker as a Bluetooth Speaker

- \* Turn the function selection knob to “BT”, the LED indicator turns to white.
- \* Turn on the Bluetooth device such as a mobile phone to find the name of “Simolio” and click it to connect.
- \* When Bluetooth is connected, there will be a beep, open the music player to listen to music.
- \* After disconnected the Bluetooth, there will be a beep and the Bluetooth indicator will flash.

### 3.3 Using the speaker as a FM Radio

- \* Turn the function selection knob to the “FM”.
- \* The LED indicator will turn to solid green.
- \* Rotate the turning knob to select a channel.

Note: The 3.5mm audio cable can also be used as an antenna, you can plug it into the speaker's AUX port to get better FM signal.

### 3.4 Using the speaker as an AUX Player

- \* Turn the function selection knob to “AUX”.
- \* The orange LED indicator is on.
- \* Unplug the antenna from the rear of the speaker first, then insert one end of the supplied 3.5mm AUX cable to the speaker, and the other end to your phone or tablet etc. Open the music player to enjoy music.
