

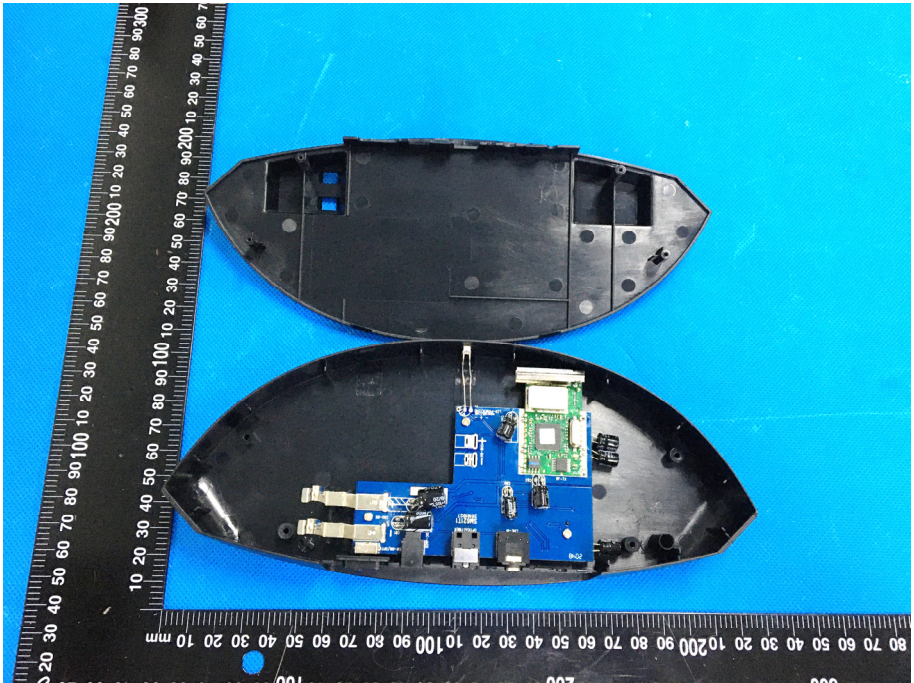

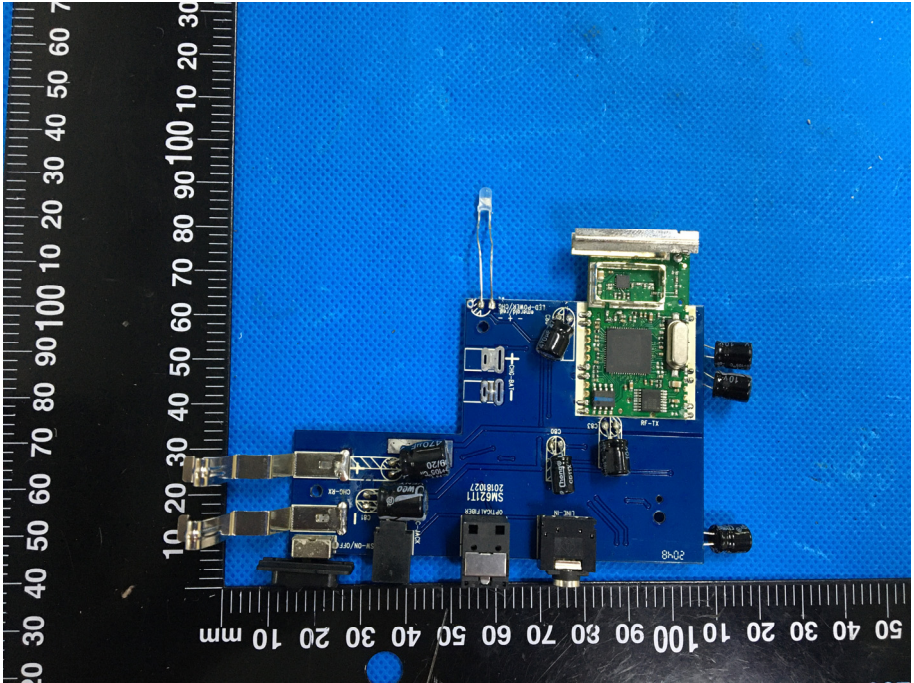

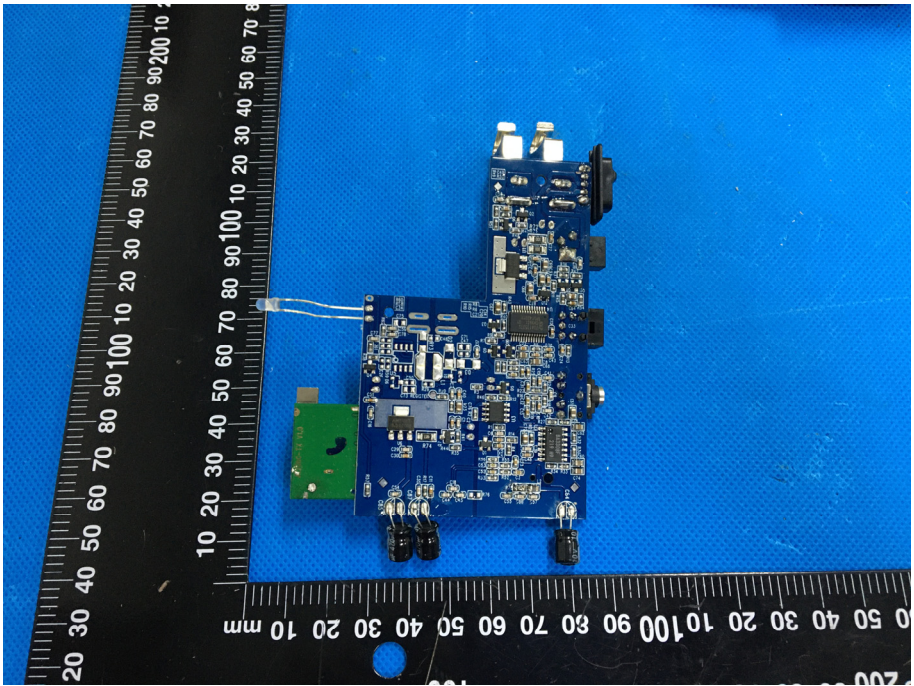

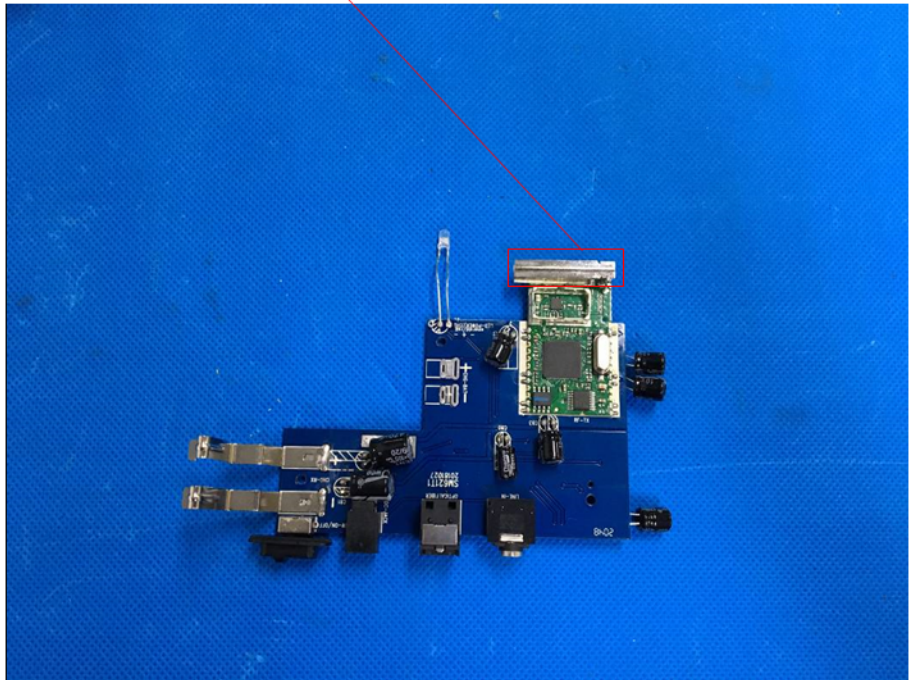

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p>EUT Housing and Board View 1</p>	 <p>This photograph shows the internal components of the EUT housing. The top half of the image displays the black plastic upper housing, and the bottom half shows the lower housing containing a blue printed circuit board (PCB) with various electronic components. A black ruler with white markings is placed vertically on the left side of the components for scale, showing measurements in millimeters.</p>
<p>Solder Board-Component View 1</p>	 <p>This is a close-up photograph of the blue PCB components. It shows several integrated circuits, capacitors, and other electronic parts soldered onto the board. A black ruler with white markings is positioned vertically on the left side of the board, providing a scale for the components. The background is a blue textured surface.</p>

<p style="text-align: center;">Solder Board-Component View 2</p>	 <p>A photograph of a blue printed circuit board (PCB) with various electronic components. A black ruler is placed vertically on the left side of the board for scale, showing markings in millimeters. The board is populated with numerous surface-mount components, including resistors, capacitors, and integrated circuits. A small green component is visible on the left side of the board.</p>
<p style="text-align: center;">Antenna View</p>	 <p>A photograph of the same blue PCB from a different perspective, focusing on the antenna assembly. A red box highlights a component labeled "2.4G Antenna" in a red-bordered text box above it. The antenna is a small green PCB with a silver metal shield and a white SMA connector. Other components like a USB connector and various surface-mount parts are also visible on the board.</p>
