Step 4, Quickly triple-click the light button ⏻ of either speaker. You can hear a indicates sound, which means connect successfully.</p> <p>Note: *While stereo pairing, the speaker will reconnect with the device if they used to be connected. Triple press ⏻ button to disconnect the stereo pairing. *When you are listening to the music from one speaker and want to set up the stereo pairing , triple-click the ⏻ button, would enter into stereo pairing mode.</p>	<p>Bobtot Sound Air2 Portable Wireless Speaker</p> <p>Resetting your device</p> <p>Press and hold the ⏻ 8s until the power off. Then long press the ⏻ to reset.</p> <p>Troubleshooting:</p> <ol style="list-style-type: none"> Automatic shut down: when the battery power is low, the speaker will turn off automatically, please charge it. Unable to play music: Reset the speaker and connect the bt again. If the music file store in the USB or TF card, check if the right connect mode, double press the ⏻ to choose the right mode. Unable to connect to the computer: Check if the computer has bt function. If not, please connect the speaker and computer by the AUX cable and choose the right model by pressing the ⏻. The button does not respond or the function is disordered: try again after reset. Stuck in an abnormal situation: press the power button for 8 seconds to reset. 	<p>Bobtot Sound Air2 Portable Wireless Speaker</p> <p>Warning</p> <p>Do NOT drop, hit or shake the device. Do NOT disassemble, repair or modify the speaker. Do NOT use cleaning products that contain benzene, solvents or alcohol. Do NOT expose the speaker to excessive heat or direct sunlight for prolonged periods of time. Do NOT store the device in a place with high humidity or dust. Do NOT use the speaker near a microwave oven or wireless LAN products.</p> <p>FCC Requirement</p> <p>Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful</p>	<p>Bobtot Sound Air2 Portable Wireless Speaker</p> <p>interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: - Reorient or relocate the receiving antenna. - Increase the separation between the equipment and receiver. - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. - Consult the dealer or an experienced radio/TV technician for help. The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.</p> <p>Need help?</p> <p>Customer Care Guide At our company, we strive to provide exceptional customer care to every one of our clients. We believe that building strong relationships with our customers is essential to the</p>	<p>Bobtot Sound Air2 Portable Wireless Speaker</p> <p>success of our business. To help us achieve this goal, we have put together the following customer care guide.</p> <p>Time We understand that our customers' time is valuable, so we will respond to any inquiries within 24 hours.</p> <p>Feedback We know that our customers are the heart of our business so we value your feedback. We encourage you to share your thoughts and ideas with us.</p> <p>Solutions If our customers encounter any issues, we will try our best to find a quick and efficient solution that meets your needs. Here at Bobtot, we take customer care very seriously. Our customers are our first priority, and we are committed to providing the highest quality service. If you have any questions or concerns, please don't hesitate to reach out to us. We will be happy to assist you.
