

Federal Communications Commission
Authorization and Evaluation Division
1435 Oakland Mills Road
Columbia, MD 21046
Date: 29/06/2021

To Whom It May Concern:

**SUBJECT: Long Term Confidentiality Application
(FCC ID: 2AZ55-FSPOR0201)**

Fleet Space Technologies (Fleet) wishes to apply long term confidentiality to the internal photos of equipment being provided for this certification activity.

Fleet will provide a User Manual with the device. Users will interact with the Device through the User Interface but will not be authorized to open the device for any reason.

Fleet's User Manual will be a public document which will not be subject to any confidentiality provisions.

Fleet employees and subcontractors may be authorized to open the device for repairs and maintenance activities. To support these technical activities, Fleet provides internal photographs of the portal device. All employees and subcontractors authorized to open the device will be subject to a Non-Disclosure Agreement (NDA).

Moreover, as the major application of this product is remote management, installation happens mostly in locations having restricted public access.

Pursuant to Sections 0.457 and 0.459 of the Commission's rules, Fleet Space Technologies wishes to apply long term confidentiality to the internal photographs of equipment being provided for this certification activity.

Regards,

Flavia Tata Nardini
Chief Executive Officer
