Subject: Request for Confidential Treatment
FCC ID: 2AZ5B21A01

To Whom It May Concern:

On behalf of Amazon.com Services, LLC and its affiliates, I write to request the confidential treatment of the item described below, each of which are attached as exhibits to the equipment authorization application for FCC ID: 2AZ5B21A01. This request is made pursuant to 47 C.F.R. § 0.457 and § 0.459.

Request for Permanent (Long Term) Confidentiality

Pursuant to the provisions of Sections 0.457 and 0.459 of the Commission's rules (47 CFR §§ 0.457, 0.459), we request indefinite confidential treatment for the following materials contained in our application, which contain trade secret and proprietary information:

- Schematic Diagram
- Block Diagram
- Theory of Operation
- Antenna Specification

These materials contain sensitive technical and design information about our device that are not publicly available, and we would only share on a need-to-know basis, subject to confidentiality agreements, even after we begin marketing and selling the device. If this information is disclosed, our competitors would gain an unfair commercial advantage over us by learning about our product design and development processes. This in turn would significantly harm our ability to compete in a highly competitive market space.

Request for Temporary (Short Term) Confidentiality

In additional to the above listed documents, pursuant to the Commission's Equipment Authorization Confidentiality Request Procedures (KDB 726920 D01), in order to comply with the marketing regulations in 47 CFR § 2.803 and the importation rules in 47 CFR § 2.1204, to ensure that business sensitive information remains confidential until the actual marketing of newly authorized devices, we request 180 days of confidential treatment (from the date of the FCC grant of equipment authorization for FCC ID: 2AZ5B21A01) for the following confidential materials contained in our application:

Amazon.com Services, LLC
410 Terry Ave N
Seattle, WA, 98109

- External Photos
- Internal Photos
- Test Setup Photos
- User Manual

These materials contain proprietary information about our device that is not publicly available, and we only share this information with third parties who are committed to maintaining the confidentiality of such information. Disclosure of this information prior to our marketing of our device would be detrimental to our business and impair our ability to successfully launch the device.

Please let me know if you have any questions or concerns. Thank you in advance for your time and support of our request.

Sincerely,

DocuSigned by:
