Columbia, MD 21046

Dear Examiner,

We are asking for the permission from "Ebara Corporation." to place the label for the product into the user manual instead of the exterior of the device, due to the dimensions of the "PCMSS100V" being extremely small.

Product: PCMSS100V  
FCC ID: 2AZCA-PCMSS100V

Sincerely,

Hiromi Tamura

Printed Name : *Hiromi Tamura*

1. Label

(Note : Label was Display in User Manual)

EBARA Pump Condition Monitoring System  
FCC ID : 2AZCA-PCMSS100V  
Product Name:EBARA Vibration Sensor  
Model No:PCMSS100V

2. Location

(Note : Label was Display in section 3 User’ s Manual)

3 Introduction

1. Product confirmation

(1) Confirm that no damage has occurred during transportation.

2. Certification

(1) Bluetooth

The Bluetooth word mark and logos are registered trademarks of Bluetooth SIG, Inc. and any use of such marks by EBARA Corporation is licensed. Other trademarks or trade names used are registered under respective owner.

(2) Japan’s regulatory information

This product has built-in radio equipment that has received construction design certification as a radio station for power-saving data communication based on the Radio act of Japan. Registered certification body conducts construction design certification. It examines the quality control method such as design drawing (construction design), manufacturing, etc. regarding whether the specified radio equipment (henceforth referred to as “applied equipment”), for which a technical standards conformity certification has been requested, complies with the technical standards.

005-102415

Type : 2.4GHz band advanced power-saving data communication system.  
Model : PCMSS100V

(3) FCC certification information

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:  
(1) This device may not cause harmful interference.  
(2) This device must accept any interference received, including interference that may cause undesired operation.  
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.  
  
This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.  
  
If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:  
-Reorient or relocate the receiving antenna.  
-Increase the separation between the equipment and receiver.  
-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.  
-Consult the dealer or an experienced radio/TV technician for help.  
  
Changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.  
  
FCC ID Information is the following.  

EBARA Pump Condition Monitoring System  
FCC ID : 2AZCA-PCMSS100V  
Product Name:EBARA Vibration Sensor  
Model No:PCMSS100V
