

Product safety & warranty information

Gabb Rev 06/21

gabb WATCH™
LITE

General Safety

	Don't use while walking or running. Pay attention to the traffic.
	Don't use at gas stations.
	Your device may produce a bright or flashing light.
	Don't dispose of your device in fire.
	Your device can produce a loud sound.
	To prevent possible hearing damage, do not listen at high volume levels for long periods. Exercise caution when holding the device near your ear.
	Avoid contact with anything magnetic.

	Avoid extreme temperatures.
	Keep away from pacemakers and other electronic medical devices.
	Avoid contact with liquids. Keep your device dry.
	Turn off when asked to in hospitals and medical facilities.
	Do not take your device apart.
	Turn off when told to in aircraft and at airports.
	Only use approved accessories.
	Turn off when near explosive materials or liquids.

FCC RF Exposure Information (SAR)

This device is designed and manufactured not to exceed the emission limits for exposure to radio frequency (RF) energy set by the Federal Communications Commission of the United States.

The exposure standard for wireless devices employs a unit of measurement known as the Specific Absorption Rate, or SAR. The SAR limit set by the FCC is 1.6W/kg for 1g SAR and 4.0W/kg for 10g SAR.

The FCC has granted an Equipment Authorization for this model device with all reported SAR levels evaluated as in compliance with the FCC RF exposure guidelines. SAR information on this model device is on file with the FCC and can be found under the Display Grant section of www.fcc.gov/oet/ea/fccid after searching for

FCC ID: 2AZDOUT310AG

For this device, the highest tested SAR value is 0.13 W/kg for 10 g at the separation distance of 0 mm from the body. The tests are carried out in accordance with international guidelines for testing.

FCC Regulations

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.

This device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful

interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

CTIA Requirements

- Do not disassemble or crush, bend or deform, puncture or shred the battery.
- Do not modify or remanufacture, attempt to insert foreign objects into the battery, immerse or expose to water or other liquids, expose to fire, explosion or other hazards.
- Only use the battery for the device for which it is specified.
- Only use the battery with a charging system that has been qualified with the system per CTIA Certification Requirements for Battery System

Compliance to IEEE 1725. Use of an unqualified battery or charger may present a risk of fire, explosion, leakage, or other hazards.

- Do not short-circuit a battery or allow metallic conductive objects to contact battery terminals.

- Replace the battery only with another battery that has been qualified with the system per this standard, IEEE-Std-1725. Use of an unqualified battery may present a risk of fire, explosion, leakage or other hazards. Only authorized service providers shall replace the battery (if the battery is not user-replaceable.)
- Promptly dispose of used batteries in accordance with local regulations.
- Battery usage by children should be supervised.
- Void dropping the device or battery. If the device or battery is dropped, especially on a hard surface, and the user suspects damage, take it to a service center for inspection.
- Improper battery use may result in a fire, explosion or other hazards.
- The device shall only be connected to CTIA certified adapters, products that bear the USB-IF logo or products that have completed the USB-IF

compliance program.

Distraction While Walking

Full attention must be given to traffic at all times when walking or running in order to reduce the risk of an accident. Please observe relevant provisions on prohibitions or restrictions on the use of smart watches.

Product Handling

General Statement on Handling and Use

You alone are responsible for how you use your device and any consequences of its use.

- Always treat your device and its accessories with care and keep them in a clean place.
- Keep the screen clean. An unclean screen may slow down the device's reaction to your operations.

- Clean the device and its accessories with a soft material such as a microfiber cleaning cloth. Do not use alcohol or other corrosive substances for cleaning or allow them to get inside.
- Do not expose your device or its accessories to open flames or lit tobacco products.
- Do not expose your device or its accessories to liquid, moisture or high humidity.
- Do not drop, throw or try to bend your device or its accessories.
- Do not use harsh chemicals, cleaning solvents, or aerosols to clean the device or its accessories.
- Do not paint your device or its accessories.
- Do not attempt to disassemble your device or its accessories. Only authorized personnel can do so.
- Do not place your device inside or near heating equipment or high pressure containers, such as

water heaters, microwave ovens, or hot cooking utensils. Otherwise, your device may be damaged.

- Please check local regulations for disposal of electronic products.
- Do not wrap your device, charging cable or adapter in quilts or other packages during use or charging. Poor ventilation may cause heat build-up and damage internal components or cause fire.
- Do not wear or play with the device while it is being charged.
- Do not use conductive foreign objects (such as metal plates, pencils, etc.) to contact with the charging port or connectors.
- Do not expose or use your device or its accessories in an environment with or that can reach extreme temperatures.

Battery Safety

- Using Gabb-unapproved or incompatible battery, charger or power adapter may damage your device, shorten its lifespan or cause a fire, explosion or other hazards.
- The recommended operating temperatures for the device are 14°F (-10°C) to 113°F (45°C). The charging temperature for the device are 32°F (0°C) to 113°F (45°C).
- The battery is not removable. Removal may cause fire or explosion.
- Do not change or replace the built-in rechargeable battery in your device by yourself. The battery can only be changed or replaced by Gabb or Gabb authorized service provider.
- Do not place the device or the battery in or near heating equipment, such as microwave ovens, stoves or radiators. Keep the device and the battery away from excessive heat and direct sunlight.
- If not, the device or the battery may overheat and

cause explosion or fire.

- Do not disassemble, squeeze or puncture the device, as this can cause explosion or fire.
- Do not throw the device into a fire to avoid explosion.
- Please disconnect the charger when the battery is fully charged. Overcharging may shorten the battery life.
- When not using the device for a long period, please charge the battery about half and then store the device in a cool dry place.
- If the battery damages or shows signs of swelling or leakage, please stop use immediately and contact Gabb or Gabb authorized service provider for replacement

Small Children

Do not leave your device and its accessories within the reach of small children or allow them to play with it.

They could hurt themselves or others, or could accidentally damage the device.

Your device contains small parts that may cause an injury or may become detached and create a choking hazard.

Demagnetization

To avoid the risk of demagnetization, do not allow electronic devices or magnetic media close to your device for a long time.

Seizures/Blackouts

Your device can produce a bright: or flashing light. A small percentage of people may be susceptible to blackouts or seizures (even if they have never had one before) when exposed to flashing lights or light patterns such as when playing games or watching video. If you have experienced seizures or blackouts or have a family history of such occurrences, please consult a physician. To reduce the risk of blackouts or

seizures, use your device in a well-lit room and take frequent breaks.

Sensitive Skin

Some people may have allergic reaction when their skin is exposed to wearable items for a long time. This may be due to allergies, environmental factors, exposure to irritants (such as soap or sweat) or other factors. If you have allergies, you may feel uncomfortable when using a wearable device. If you do have skin allergy, please pay special attention. Do not wear the device too tight. Let the skin breathe by removing the device regularly. Keep the device clean and dry will reduce the likelihood of skin discomfort. If the skin shows redness, swelling, itching or other allergic symptoms around the area where you wear the device, please remove the device and consult a physician. Even when the symptoms alleviate, they may be induced again if you continue to wear the device.

Device Cleaning

Keep your watch clean and dry. After exercising or sweating, clean and dry the watch, the bands and your skin. If exposed to water, dry the device thoroughly.

Clean the watch when following situations appear: contact with dirt or other damaging substances (such as dust or sand, cosmetics, ink, soap, cleaning agent, acid or acid food). contact with non-water liquid and liquid that may cause skin allergy (such as sweat, brine, soap water, perfume, pesticide spray, lotion, sunscreen, oil, hair dyer, or solvent).

Watch and bands color may vary, or fade over time. Clean the watch with a soft non-fleece cloth. If necessary, moisten the cloth with clean water.

Device Heating

Your device may become warm during charging and during normal use.

During use in high temperature environments, such as inside a car or under direct sunshine for a long time, the watch may start to control its temperature to prevent users from being burned. You may encounter the following situations: charging slows down or stops, the screen turns dark, temperature warning appears on the screen, data transmission is suspended or delayed, or the watch may be turned off. If your arm feels uncomfortable, please take off the watch temporarily.

The watch may become warm during FOTA upgrade. Please take off the watch during the upgrade.

The surface temperature of the watch complies with standards and limits on temperature rise. However, even within these limits, prolonged contact with a warm surface may cause discomfort or injury. If the temperature of the watch makes you uncomfortable, take it off.

Electrical Safety

Accessories

Use only approved accessories. Do not connect with incompatible products or accessories. Never puncture the surface of the device with sharp objects.

Faulty and Damaged Products

Do not attempt to disassemble the device or its accessories. Only qualified personnel can service or repair the device or its accessories.

If your device (or its accessories) has been submerged in water, punctured, or subjected to a severe fall, do not use it until you have taken it to be checked at an authorized service center.

Radio Frequency Interference

General Statement on Interference

Care must be taken when using the device in close proximity to personal medical devices, such as

pacemakers and hearing aids.

Please consult your doctor and the device manufacturers to determine if the operation of your watch may interfere with the operation of your medical devices.

Pacemakers

Pacemaker manufacturers recommend that a minimum separation of 15 cm be maintained between a mobile device and a pacemaker to avoid potential interference with the pacemaker. To achieve this, use the device on the opposite ear to your pacemaker and do not carry it in a breast pocket.

Hearing Aids

People with hearing aids or other cochlear implants may experience interfering noises when using wireless devices or when one is nearby.

The level of interference will depend on the type of hearing device and the distance from the interference

source. Increasing the separation between them may reduce the interference. You may also consult your hearing aid manufacturer to discuss alternatives.

Medical Equipment

Turn off your wireless device when you are requested to do so, in hospitals, clinics or health care facilities. These requests are designed to prevent possible interference with sensitive medical equipment

Aircraft

Turn off your wireless device whenever you are instructed to do so by airport or airline staff. Consult the airline staff about the use of wireless devices on board the aircraft if your device offers an 'airplane mode', this must be enabled prior to boarding an aircraft

Interference in Vehicles

Please note that because of possible interference with electronic equipment, some vehicle manufacturers

forbid the use of mobile devices in their vehicles unless a hands-free kit with an external antenna is included in the installation.

Explosive Environments

Gas Stations and Explosive Atmospheres

In locations with potentially explosive atmospheres, obey all posted signs to turn off wireless devices such as your watch or other radio equipment.

Areas with potentially explosive atmospheres include fueling areas, below decks on boats, fuel or chemical transfer or storage facilities, and areas where the air contains chemicals or particles, such as grain, dust, or metal powders,

8.1 User Interaction and Responsibilities

Reference: IEEE 1725, Section 9.2

Purpose: Determine that required user information is provided.

Procedure: Determine by inspection that the following information is made available to the user by one or more of (a) printed on the label for the battery, (b) printed on the label for the host device, (c) printed in the owner's manual, and/or (d) posted in a help file or Internet web site.

- a) Do not disassemble or open crush, bend or deform, puncture or shred
- b) Do not modify or re-manufacture, attempt to insert foreign objects into the battery, immerse or expose to water or other liquids, expose to fire, explosion or other hazard.
- c) Only use the battery for the system for which it is specified
- d) Only use the battery with a charging system that has been qualified with the system per this document. Use of an unqualified battery or charger may present a

risk of fire, explosion, leakage, or other hazard.

- e) Do not short circuit a battery or allow metallic conductive objects to contact battery terminals.
- f) Replace the battery only with another battery that has been qualified with the system per this standard, IEEE-Std-1725. Use of an unqualified battery may present a risk of fire, explosion, leakage or other hazard.

Only authorized service providers shall replace battery.
(If the battery is non-user replaceable).

- g) Promptly dispose of used batteries in accordance with local regulations
- h) Battery usage by children should be supervised.
- j) Avoid dropping the watch or battery. If the watch or battery is dropped, especially on a hard surface, and the user suspects damage, take it to a service center for inspection.

k) Improper battery use may result in a fire, explosion or other hazard.

For those host devices that utilize a USB port as a charging source, the host device's user manual shall include a statement that the phone shall only be connected to CTIA Certification certified adapters, products that bear the USB-IF logo or products that have completed the USB-IF compliance program.

Compliance: Language that communicates the intention of each of the above warnings is included with the product. For non-user-replaceable batteries use sections: a, b, d, f, g, j, k and the final USB-IF statement.

Customer Limited Warranty

Gabb USA, Inc ("Seller") offers you a limited warranty that the enclosed product or products (the "Product") will be free from defects in material and workmanship for a period that expires one year from the date of sale of the Product to you, provided that you are

the original end-user purchaser of the Product and provided that your purchase was made from a supplier authorized by the Seller. Transfer or resale of a Product will automatically terminate warranty coverage with respect to that Product. This limited warranty is not transferable to any third party, including but not limited to any subsequent purchaser or owner of the Product. This limited warranty is applicable to end users in the United States. Seller will, at its sole and absolute discretion, either repair or replace a Product (which unit may use refurbished parts of similar quality and functionality) if found by Seller to be defective in material or workmanship, or if Seller determines that it is unable to repair or replace such Product, Seller will refund the purchase price for such Product, provided that the subject Product (i) is returned to a Seller authorized service center within the one year warranty period, and (ii) is accompanied by a proof of purchase in the form of a bill of sale or receipted invoice which evidences that the subject Product is within the one year warranty period. After the one year warranty period, you must pay all shipping, parts and

labor charges. In the event that the product is deemed un-repairable or has been removed from the list of products supported by the Seller, you will only be liable for shipping and labor charges.

This limited warranty does not cover and is void with respect to the following: (i) any Product which has been improperly installed, repaired, maintained or modified;

- (ii) any Product which has been subjected to misuse (including any Product used in conjunction with hardware electrically or mechanically incompatible or used with accessories not approved by Seller), abuse, accident, physical damage, abnormal operation, improper handling, neglect, exposure to fire or liquid;
- (iii) any Product operated outside published maximum ratings;
- (iv) cosmetic damage;
- (v) any Product on which warranty stickers or Product serial numbers have been removed, altered, or rendered illegible;
- (vi) cost of installation, removal or reinstallation;
- (vii) signal reception problems (unless caused by defects in material and workmanship);
- (viii) damage the result of

fire, flood, acts of God or other acts which are not the fault of Seller and which the Product is not specified to tolerate, including damage caused by mishandling, shipping and blown fuses; (ix) consumables (such as fuses); or (x) any Product which has been opened, repaired, modified or altered by anyone other than Seller or a Seller authorized service center.

USE ONLY SELLER APPROVED ACCESSORIES WITH SELLER PRODUCTS. USE OF ANY UNAUTHORIZED ACCESSORIES

MAY BE DANGEROUS AND WILL INVALIDATE THE PRODUCT WARRANTY IF SAID ACCESSORIES CAUSE DAMAGE OR A DEFECT TO THE PRODUCT. SELLER SPECIFICALLY DISCLAIMS LIABILITY FOR ANY AND ALL DIRECT, INDIRECT, SPECIAL, GENERAL, PUNITIVE, EXEMPLARY, AGGRAVATED, INCIDENTAL OR CONSEQUENTIAL DAMAGES, EVEN IF ADVISED OF THE POSSIBILITY

OF SUCH DAMAGES, WHETHER FORESEEABLE OR UNFORESEEABLE OF ANY KIND WHATSOEVER,

INCLUDING BUT NOT LIMITED TO LOSS OF PROFITS, UNANTICIPATED BENEFITS OR REVENUE, ANTICIPATED PROFITS ARISING OUT OF USE OF OR INABILITY TO USE ANY PRODUCT (FOR EXAMPLE, WASTED AIRTIME CHARGES DUE TO THE MALFUNCTION OF A PRODUCT) OR CONTRIBUTION OR INDEMNITY IN RESPECT OF ANY CLAIM RELATED TO A PRODUCT. REPAIR OR REPLACEMENT OF A DEFECTIVE PRODUCT OR REFUND OF THE PURCHASE PRICE RELATING TO A DEFECTIVE PRODUCT, AS PROVIDED UNDER THIS WARRANTY, ARE YOUR SOLE AND EXCLUSIVE REMEDIES FOR BREACH OF THE LIMITED WARRANTY, AND SUBJECT TO THIS WARRANTY, THE PRODUCTS ARE APPROVED AND ACCEPTED BY YOU "AS IS". SELLER MAKES NO OTHER WARRANTIES, REPRESENTATIONS OR CONDITIONS OF ANY KIND, ORAL OR WRITTEN, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, WITH RESPECT TO THE PRODUCTS, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OR CONDITION OF

MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR AGAINST INFRINGEMENT OR ANY IMPLIED WARRANTY OR CONDITION ARISING OUT OF TRADE USAGE OR OUT OF A COURSE OF DEALING OR COURSE OF PERFORMANCE. NO DEALER, DISTRIBUTOR, AGENT OR EMPLOYEE IS AUTHORIZED TO MAKE ANY MODIFICATION OR ADDITION TO THIS WARRANTY.

Some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages, or allow limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This limited warranty gives you specific legal rights, and you may also have other rights which vary from jurisdiction to jurisdiction. **IMPORTANT:** Please provide warranty information (proof of purchase) to Gabb in order to receive warranty service at no charge. If the warranty has expired on the device, charges may apply.
