**PRODUCT DETAIL PART**

#### **PRODUCT SPECIFICATIONS**

Battery Capacity: 10000mAh / 3.7V 37Wh  
iOS Port Input: 5V=2.5A / 9V=2A  
Type C Input & Output: 5V=2.5 / 9V=2A / 12V = 1.67A  
Wireless Charging Output Power: 5W / 7.5W / 10W / 15W  
Size: 140\*70.6\*17.5mm  
Material: ABS+PC / Aluminum Alloy  
Model: RAPBAN300

\*For Fast charging mode, 18W or above power adapter is required as its power source.

#### **ATTENTION**

**- ENGLISH:**

- Do not squeeze or collide vigorously.
- Please do not disassemble or put into the fire or water in the powered state to avoid short circuit and leakage.
- Please do not use in severe high temperature, high humidity or corrosive environment to avoid damage to the circuit and leakage.
- Please do not place magnetic cards with magnetic stripes or chips (ID cards, bank cards, etc.) on the wireless charging board to avoid magnetic card failure.
- Please do not place metal (coins and other metal objects) on the wireless charging pad while charging, to avoid heat damage.

**- FRENCH:**

- Ne serrez pas et ne heurtez pas vigoureusement.
- Veuillez ne pas démonter ou mettre au feu ou à l'eau lorsqu'il est alimenté pour éviter les courts-circuits et les fuites.
- Veuillez ne pas utiliser dans des températures élevées, une humidité élevée ou un environnement corrosif pour éviter d'endommager le circuit et les fuites.
- Veuillez ne pas placer de cartes magnétiques avec des bandes magnétiques ou des puces (cartes d'identité, cartes bancaires, etc.) sur la carte de chargement sans fil pour éviter une panne de la carte magnétique.
- Veuillez ne pas placer de métal (pièces de monnaie et autres objets métalliques) sur le chargeur sans fil pendant le chargement, pour éviter les dommages causés par la chaleur.

#### **ATTENTION**

**- ESPAÑOL:**

- No apriete ni choque con fuerza.
- No lo desmonte ni lo arroje al fuego o al agua cuando esté encendido para evitar cortocircuitos y fugas.
- No lo utilice en condiciones severas de altas temperaturas, alta humedad o ambientes corrosivos para evitar daños al circuito y fugas.
- No coloque tarjetas magnéticas con bandas o chips magnéticos (tarjetas de identificación, tarjetas bancarias, etc.) en la placa de carga inalámbrica para evitar fallas en la tarjeta magnética.
- No coloque metal (monedas y otros objetos metálicos) sobre la plataforma de carga inalámbrica mientras se carga, para evitar daños por calor.

#### **FCC WARNING**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

#### **IC CAUTION**

Radio Standards Specification RSS-Gen, issue 5

- English:

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

This device may not cause interference.

This device must accept any interference, including interference that may cause undesired operation of the device.

RF exposure statement:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

- French:

Cet appareil contient des émetteurs / récepteurs exemptés de licence conformes aux RSS (RSS) d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes:

Cet appareil ne doit pas causer d'interférences.

Cet appareil doit accepter toutes les interférences, y compris celles susceptibles de provoquer un fonctionnement indésirable de l'appareil.

Déclaration d'exposition RF:

L'appareil a été évalué pour répondre aux exigences générales d'exposition aux RF. L'appareil peut être utilisé dans des conditions d'exposition portable sans restriction.
