

Framework™ Laptop Online User Manual

Model: FRANBP0000

Product: Framework Laptop

May 4th, 2021

Revision 2

System Photos

Laptop Overview

Note: 1. Microphone 2. Camera 3. Finger Print Reader - A scanner used to identify a person's fingerprint for security purposes. 4. Touchpad - The position of a user's fingers to a relative position 5. Type C - USB A 6. Type C - DP 7. Type C - Micro SD 8. Type C - HDMI

| | Type C |
|--------------------|----------------------------------|
| Data Transfer Rate | 480Mbps, 3.1Gbps, 20Gbps, 40Gbps |
| Display | Support Thunderbolt Display |
| Resolution | Up to 8K, 60Hz |

When the laptop is in charging or discharging mode, one port is at 3A, while the other ports are 1.5/1.5/1.5A.

Important Safety and Handling Information

This section of the User Manual contains safety, handling, disposal, recycling, and regulatory information, as well as the limited warranty for the Framework™ Laptop, including all current and future models of the FRANBP0000 series. Please read all safety information and operating instructions before using the Framework™ Laptop to avoid injury or harm. For a downloadable version of the Framework™ Laptop support guide please visit the following website.

<https://frame.work/support>

General Safety Guide

Read the following safety, operating, and warning instructions before you use Framework™ Laptop. Failing to do so may cause injury.

WARNING: Choking Hazards

The Framework™ Laptop has small parts which may present a choking hazard to small children and pets. Keep the Framework™ Laptop and its accessories away from small children.

WARNING: Rechargeable Lithium Ion Battery

Lithium polymer batteries are extremely hazardous and liable to cause serious injuries to persons or property. The user accepts liability for the use of a lithium polymer battery. As the manufacturer and the distributor Framework cannot ensure the battery is used correctly (charging, discharging, storage, etc.), Framework Computer Inc is not liable for damages caused to persons or property by improperly used batteries.

In the event of battery leakage, avoid the liquid coming into contact with skin and eyes. In case of contact with the skin, wash copiously with soap and water. In case of contact with the eyes, rinse copiously with cold water and consult a doctor. If you notice a suspicious smell or noise, or observe smoke around the power adapter disconnect it immediately.

Caution: The battery used in this device may present a risk of fire or chemical burn if mistreated. Do not disassemble, heat above 45C (113F), or incinerate. Replace battery with model FRANBBAT01 or other Framework-recommended batteries only. Use of another battery may present a risk of fire or explosion.

Do not use the Framework™ Laptop if its cover has been broken and the battery's plastic or mylar cover has been cracked or compromised in any way. Do not expose the battery to excessive physical shock. Do not expose the Framework™ Laptop and its battery to heat or dispose of it in a fire. Do not put the battery in a microwave oven or in a pressurized container. Do not attempt to dismantle, pierce, distort, or cut the battery and do not attempt to repair the battery. Keep away from children.

Caution: Risk of explosion if battery is replaced by an incorrect type. Dispose of used batteries according to the battery disposal instructions below.

WARNING: Coin Cell Battery

This products coin-cell battery may contain perchlorate and may require special handling when recycled or disposed of. For more information, see www.dtsc.ca.gov/hazardouswaste/perchlorate. Do not ingest battery, Chemical Burn Hazard. The Framework™ Laptop contains coin/button cell batteries. If the coin/button cell battery is swallowed it can cause severe internal burns and can lead to death. Keep new and used batteries away from children. After the internal parts have been installed, remember to replace all covers securely. If the coin/button cell battery is not secure in the holder, stop using the product and keep away from children. If you think the batteries may have been swallowed or placed inside any part of the body, seek immediate attention.

Note: If you replace a battery that uses the wrong type, there may be an explosion. Please follow the battery disposal instructions below to dispose of the old battery.

WARNING: Button Battery

Button batteries for this product may contain perchlorates and may require special treatment during recovery or disposal. For more information, see www.dtsc.ca.gov/hazardouswaste/perchlorate.

WARNING: ESD Shock

The Framework™ Laptop includes internal components that are sensitive to ESD. Improper use may result in electrostatic shock to the user or minor to severe damage to the product. Please visit our support page for more information in regards to operating and repairing the Framework™ Laptop properly to avoid ESD issues.

WARNING: Hearing Damage

To prevent possible hearing damage, do not listen at high volume levels for long periods.

WARNING: Prop 65

WARNING: This product can expose you to DINP (Di-iso-nonyl Phthalate) material, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Operating Guide: Temperature, Storage, Use, and Replacement

Operate and store the Framework™ Laptop in a place where the temperature is between 5C -35C (41F - 95F) (operating) -25C- 45C (-13F - 113F) (storage). Low or high-temperature conditions might temporarily shorten battery life or cause the Framework™ Laptop to temporarily stop working properly.

This equipment is not suitable for use in locations where children are likely to be present

Do not place the portable computer directly on the user's lap and exposed skin. Avoid using your portable computer with the base resting directly on the skin. The surface temperature may rise during normal operation. Sustained contact with exposed skin may cause discomfort or burn.

Do not operate the Framework™ Laptop without all of the removable components installed. Operation must include all components.

Please follow the below safety instructions in order to safely replace all of the Framework™ Laptops interchangeable components.

1. Remove your laptop from all power sources by unplugging your AC adapter from your power outlet
2. Turn your computer off
3. Wait until your laptop is completely cool to the touch to open or remove any internal components (This can take anywhere from 5 - 30 minutes).

Caution - if you do not wait for the laptop to cool down you may risk the chance of encountering hot components which may result in a potential burn risk.

Powering Framework™ Laptop Back On

1. Before restarting the Framework™ Laptop users must ensure that all screws are in place and tightened both internally and externally. The user must also ensure that all of the interchangeable components must be in their original locations. Note. Please pay particular attention that the C cover is aligned and all screws are tightened.
2. For instructions on the reassembly of the Framework™ Laptop - please refer to the replacement instructions in the reverse order.

Operating Guide: Charging

Examine the power adapter regularly for damage to the cord, plug, enclosure, or other parts. Never use a damaged power adapter cord. Use only certified power adapter cords for charging. Misuse can cause electrical shock.

Never charge a leaky battery or one that has been damaged. Do not use the Framework™ Laptop to charge any other battery than the compatible rechargeable battery.

Do not cover your product while the battery is charging. Recharge the battery at a temperature of between 5C -35C (41F - 95F) (operating).

Do not use the Framework™ Laptop if its cover has been broken and the battery's plastic or mylar cover has been cracked or compromised in any way.

The socket-outlet shall be installed near the equipment and shall be easily accessible.

Framework Computer Inc Limited Warranty

By using your Framework Computer Inc ("Framework") product, you agree to be bound by the terms of the Framework Limited Warranty ("Warranty") at <http://frame.work/support/warranty>

If you do not agree to the terms of the Warranty, please return the Product within the return period stated in Framework's Terms of Sale.

Framework™ Laptop Declaration of Conformity

This product has been determined to be compliant with the applicable standards, regulations, and directives for the countries where the product is marketed. The product is affixed with regulatory marking and text as necessary for the country/agency. All certifications pertain to Model Number: FRANBP0000

European Union

Hereby, Framework Computer Inc declares that Framework Laptop , FRANBP0000 is in compliance with the essential requirements and other relevant provisions of Radio Equipment Directives: 2014/53/EU, RoHS Directive 2011/65/EU, Ecodesign Directive 2009/125/EC

The following Safety and Health standards have been applied:

Article 3.1a: EN IEC 62368-1:2020+A11:2020 and EN 50566:2017

Article 3.1a: EN 301 489-1 V2.2.3 and EN 301 489-17 V 3.2.4

Other Tests: IEC 60950-1, European Norm EN 60950-1, EMC - CISPR 32/CISPR 35, EN55032/55035, Regulation (EC) No. 1275/2008, EN 50564:2011, IEC 62301:2011, EN50581:2012, IEC 63000:2018, REACH

The EC Declaration of Conformity can be referenced at the below link: <https://framework/support>

United States

FCC ID: 2AZR6_FRANBBAT16

This device complies with FCC CFR Title 47, Part 15, Subpart B, Class B of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference.

Canada

IC ID:27217_FRANBBAT16

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

End of Life Product Disposal

At the end of this product's life, do not dispose of this product in your general household waste. Instead, in order to prevent possible harm to the environment or human health from uncontrolled waste disposal, please dispose of this product separately in accordance with your local laws and regulations.

For more information on the separate collection systems for waste electrical and electronic equipment that are available for consumers near your home free of charge, please contact your local municipality. You can also contact the retailer from which you purchased your Framework <Product Name> as they may have recycling services or may be part of a specific recycling program.

If disposed of properly, this product will be treated in an environmentally sound manner at a licensed recycling plant and its components will be recovered, recycled or reused in the most efficient manner in compliance with the requirements of the Directive on Waste Electrical and Electronic Equipment (2012/19/EU) of 14 February, 2014 (as subsequently amended or replaced) ("2012/19/EU").

Battery Disposal

Damaged or unusable batteries must be disposed of in a container specially reserved for this purpose. When disposing of the battery, follow appropriate local guidelines and regulations. For further information, contact your local solid waste authority.

WEEE

The trash can symbol on the Framework Laptop or on its packaging indicates that it must not be disposed of with your other household waste, pursuant to 2012/19/EU. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. The separate collection and recycling of your waste equipment at the time of disposal will help to conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. For more information about where you can drop off your waste equipment for recycling, please contact your local city office, your household waste disposal service, or the shop where you purchased the product.
