## 2 Labeling Information

Due to the small size of the device and restraints in the manufacturing process, the e-labeling method will be used for this device. The device is only able to be used in conjunction with a mobile device (i.e. smartphone or tablet) that can display the FCC information digitally.

Access to the required information on the e-label:

1. Users are able to access the information in no more than three steps in a device's menu. The actual steps are:

- Tap the three bar menu in the top left
- Tap "Support"
- Tap "Legal and Regulatory"

2. The information is stored on the device, no special accessories or supplemental plug-ins are required to access the information. The information is secure and un-editable.

*Yes, the data is stored on the device and is not able to be edited by the user.*

3. Readability of Regulatory Information

*The FCC regulatory information is formatted to be the same size font as all other information in the user application.*

4. Packaging Labeling

*The packaging for the device contains the printed FCCID of the device as well as instructions pointing to the e-labeling of the device for further information.*

## 3 E-Labeling

Tip: Create a Folder to quickly get a list of animals that have had an action on them. You can use one of our templates or customize your own.

## LEGAL AND REGULATORY

### FCC Regulatory Compliance Information FCCID: 2AZT3-701XCT1

Changes or modifications not expressly approved by the manufacturer could void the user's authority to operate this equipment.

This product meets the applicable FCC Part 15 rules. Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

## 4 Packaging Labeling

The cTag will be shipped in bulk packaging of 10 units each. Each shipping tray will contain reference to the FCCID.
