USER'S MANUAL

Designed in California, Assembled in China

Note: The product and illustrations in this user's manual is only for explanation purposes and may vary depending on model.

This manual covers models

WT24A0KAGA

WT32A0KAGA

General Information

To avoid damaging the television set please observe the following safety instructions during setup and use.

Cleaning the television set	Before cleaning, disconnect the television set. Use only a soft damp cloth or a special cleaning product for flat-screens.
LED Display	Too much pressure on the screen can damage the television set.
Heat/damp/humidity	The television set should not be exposed to high temperatures (radiators, open fire). The television set should not be used in areas with high humidity.
Condensation	If moved from a cool area to one with a higher temperature, the television set should be left for at least an hour before plugging it in. A rapid change of temperature can lead to the formation of condensation in the television set itself. This can lead to damage if the television set is in use.
Air Circulation	To prevent overheating of the television set the ventilation slots at the rear should always be clear.
Small Objects	It is important to ensure that no small objects or liquids enter the television set. They can cause damage or even fire.
Liquids/Candles	Do not place anything holding a liquid or any candles on the television set.
Crushing	Take care to avoid crushing fingers or other objects when turning the television set in any direction.
Electric Supply	Use the television set only with the voltage indicated in the specifications. Ensure that there is easy access to the plug and that the television set can always be disconnected from the electricity supply. Do not disconnect the television set by pulling the power cable. Always take hold of the plug. The power cable must not be kinked or placed over sharp edges.
Moving the Television Set	When moving the television set, hold only the casing.
Repairs/Accessories	Repairs and servicing must be undertaken only by authorised and trained personnel.
	In accordance with the Batteries Regulation, batteries are to be disposed of only in containers provided for this purpose.

In extreme weather (storms, lightning) and long inactivity periods (going on holiday) disconnect the TV set from the mains. The mains plug is used to disconnect TV set from the mains and therefore it must remain readily operable. If the TV set is not disconnected electrically from the mains, the device will still draw power for all situations even if the TV is in standby mode or switched off.

IMPORTANT - Please read these instructions fully before installing or operating
WARNING: Never let people (including children) with reduced physical, sensory or mental capabilities or lack of experience and / or knowledge use electrical devices unsupervised.

- The TV set is intended for Waterproof and similar general use but may also be used in public places.
- For ventilation purposes, leave at least 5cm of free space around the TV.
- The ventilation should not be impeded by covering or blocking the ventilation openings with items, such as newspapers, table-cloths, curtains, etc.
- The power cord plug should be easily accessible. Do not place the TV, furniture, etc. on the power cord. A damaged power cord/plug can cause fire or give you an electric shock. Handle the power cord by the plug, do not unplug the TV by pulling the power cord. Never touch the power cord/plug with wet hands as this could cause a short circuit or electric shock. Never make a knot in the power cord or tie it with other cords. When damaged it must be replaced, this should only be done by qualified personnel.
- Do not expose the TV to dripping or splashing of liquids and do not place objects filled with liquids, such as vases, cups, etc. on or over the TV (e.g., on shelves above the unit).
- Do not do not place open flames such as lit candles on the top of or near the TV.
- Do not place any heat sources such as electric heaters, radiators, etc. near the TV set.
- Do not place the TV on the floor and inclined surfaces.
- To avoid danger of suffocation, keep plastic bags out of the reach of the babies, children and domestic animals.
- Do not dispose of the batteries in fire or with hazardous or flammable materials.
- Warning: Batteries must not be exposed to excessive heat such as sunshine, fire or the like.
- If you think batteries might have been swallowed or placed inside any part of the body, seek immediate medical attention.

WARNING

Never place a television set in unstable or inclined locations. A television set may fall, causing serious personal injury or death. Many injuries, particularly to children, can be avoided by taking simple precautions such, Educating children about the dangers of climbing on furniture to reach the television set or its controls.

WALL MOUNTING WARNINGS

Read the instructions before mounting your TV on the wall.
 Do not install the TV on a ceiling or on an inclined wall.
 Use the specified wall mounting screws and other accessories.
 Tighten the wall mounting screws firmly to prevent the TV from fall. Do not over-tighten the screws.

Note:
Design specification and modification maybe made at any time without prior notice, all data and dimensions are approximations.

Installation

Note:
Ensure that you get the correct viewing position when installing your mounting plate. Once you have got the correct position check that there are no hazards around the area of installation, for example, cables or pipes.

Step 1
Please use our Mounting plate TV sizes below to cut out a recess in the wall to fit into the wall depending on what TV size you have.

Step 2
Unscrew the plate at the back of the TV and connect all required wire connection from the wall, through the square cable hole to the TV, then screw back the plate securely ensure all the connected wires are going through the square cabling hole are not pinched or broken.

Installation

Step 3
Fix your mounting plate into place with the screws provided.

Step 4
Once you have checked that the TV is functioning correctly and all cables are fitted, apply unbroken bead of silicon to the inside of the TV bezel at least 5 mm thick.

Installation

Step 5

Please ensure the bezel is firmly sealed to the wall surface to complete the waterproof properties of the installation. If it is not sealed correctly this will void your warranty.

Menu Operation

1 Input Setup

Press **INPUT** key on the remote control to enter "INPUT SOURCE" menu.
Use **◀▶** key to select a input source and press **ENTER** key to confirm.

2 Channels Selection

There are four ways to select channel:

1) Using number keys, and **"ENTER"** keys on the remote control to select channel directly.

To select channel 90, press **9 0** .

When you use the number buttons, you can directly select channels that were either erased or not memorized.

2) Using **CH ▲ / ▼** key on the remote control or on your TV to select channel.

When you press the **CH ▲ / ▼** key, the TV changes channels in sequence. You will see all the channels that the TV has memorized.

You will not see channels that were either erased or not memorized.

3) Press **CH RTN** key to return to previous channel, press it again to return to current channel.

To quickly switch between two channels that are far apart, tune to one channel, then use the number keys to select the second channel. Then use the **CH RTN** button to quickly alternate between them.

CH RTN is not activated if no channel has been changed after TV turning on.

4) Select channels from "Channels List" or "Favorite List".

Press **"ENTER"** key to choose from "Channel List" menu.

3 Volume Adjustment and Mute Setup

Volume adjustment

Press **VOL+ / -** key on the remote control or the TV to display "Volume" menu, adjust the volume of TV between 0 to 100 by using **VOL+ / -**-key:

Menu Operation

- To increase the volume, press **VOL▲** key;
- To decrease the volume, press **VOL▼** key;

Mute

Press **"MUTE"** and the sound cuts off. The MUTE icon will appear in the lower-left corner of the screen.

To resume sound, press the **"MUTE"** button again, or simply press the **VOL▲** key.

4 Current Channel Information

Press **"INFO"** key on the remote control to view current channel information, the indications of channel information are listed in the following table.

Press **"EXIT"** key on the remote control to exit this OSD.

Menu Operation

Picture

1. Press **MENU** key to display the main menu on the screen.
2. Press **▲/▼** key to select "Picture" option.
3. Press **▶** key to enter "Picture" submenu.
4. You can also press the **PICTURE** key on the remote control to select one of the picture settings.

Picture Mode

Your TV has four picture settings (Sports, Normal, Mild, User) that are preset at the factory. Only "User" mode can be set to your preference by adjusting particular items such as Contrast, Brightness, Color, Sharpness.

1. Press **▲/▼** key to select "Picture Mode" option.
2. Press **▲/▼** key to select one picture mode.

User settings for PICTURE

(Contrast, Brightness, Color, Sharpness, Tint)

Your set has several settings which allow you to control picture quality.

1. Press **▲/▼** key to select a particular item.
2. Press **◀/▶** key to decrease or increase the value of a particular item.

Note: The adjusted values are stored according to the selected particular item.

Contrast: Adjusts the lightness and darkness between objects and the background.

Troubleshooting

Problem	Possible cause	Possible solution
No picture and sound.	<ul style="list-style-type: none"> The power adaptor is not plugged in or not working. The wrong input source is selected. The input source has failed to connect with the TV or is not turned on. 	<ul style="list-style-type: none"> Plug the power adapter into a suitable outlet. Try both the 12/24V & 240V adapters Select the correct input source. Make sure the input source is correctly connected and turned on.
No sound.	<ul style="list-style-type: none"> The volume control is set to minimum. The mute button on the remote control has been pressed An incorrect sound system mode is set. 	<ul style="list-style-type: none"> Press the  button to increase the volume. Press  or the (or ) button to restore/increase the volume. Set a correct sound system mode from the main menu to match your TV source.
No picture, or monochrome picture only.	<ul style="list-style-type: none"> The colour system setting does not match the program. The sound system setting does not match the program. 	<ul style="list-style-type: none"> Select the appropriate colour system setting. Select the appropriate sound system setting. (If unsure, use Auto settings where available).
Sound or picture interference.	<ul style="list-style-type: none"> Some equipment that causes interference is close to the TV. More than one device is plugged into the same power outlet. An incorrect sound system mode is set. 	<ul style="list-style-type: none"> Keep interference-causing equipment away from the TV. Plug the power adaptor into another, separate power outlet. Set a correct sound system mode from the main menu to match your TV source.
PVR recording failed, or "DISK NOT READY" is displayed.	<ul style="list-style-type: none"> You may not have removed your USB device after the last recording, which is necessary to protect the device from damage. 	<ul style="list-style-type: none"> Remove the USB device after each recording if you experience recording problems. If "DISK NOT READY" is displayed, remove the device, reconnect and then proceed with your recording.

Problem	Possible cause	Possible solution
DTV Picture Pixelation	<ul style="list-style-type: none"> Poor Signal 	<ul style="list-style-type: none"> Adjust the position or orientation of the TV antenna. Check the antenna connection from the wall plate to the TV. Try re-tuning the channels as the channel frequencies may be different in some areas.

FCC Warning

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
