

# BRIGHT GRIP

## USER MANUAL

  
ONQU INNOVATIONS

## OVERVIEW:

Brightgrip is a rechargeable LED device that functions as a finger grip/stand, as well as a fully customizable disco light. The device features a built-in sound sensitive microphone which enables animated lighting based on surrounding sounds and music.

Simply slide the "ON/OFF" switch to "ON" to enable this feature.

The device can also be operated and controlled from your smartphone by pairing with the HappyLighting app, which can be downloaded from your APP store.

Download the Happy-Lighting app from your app store, or simply scan the QR-code below to download the app.

## App Connection:

To pair your device with the app, please follow the steps below:

1. In your phone settings, ensure Bluetooth is turned on.
2. Search and pair your device with your phone.
3. Open the Happy Lighting app. Ensure the light icon is 'green'. The app will now connect with your device.

## Main User Interface:

**Adjust:** Change the LED colors and adjust the brightness.

## Music:

Play music and change colors with your music rhythm.  
To play music using your own music player/app, see instructions under "Sound Sensor".

## Sound sensor:

Change light colors based on surrounding sound or external music player.

Use this mode to enable device operation while using your own music app.

## Patterns:

Change flash patterns and speed.

**Note:**

For issues connecting to the app, please close the APP and then re-open it.

**Safeguards:**

- This device contains batteries and LED bulbs. Keep away from flammable objects and excessive heat.
- Do not attempt to disassemble or modify the device in any way. Doing so may cause permanent damage to the device, and violates any warranty in place.

**Product specifications:**

- Lithium battery – 3.7V 210mAh
- Power of LED – 6 x LED, 0.2W/pc
- Maximum working current of the device - <60mA
- Charging voltage – DC5V, compatible with 0.5-3A charger.
- Fully charged in under 2 hours.
- Playtime- Between 2-3 hours.
- Bluetooth distance – 30-50' (9-15m)

## **FCC/IC Statement:**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
