Package List

The package includes the following items:

Phone Cage for Videography
x 1

Lithium Battery
x 1

Replace Battery

1. Press down lightly the battery door lock on the side of the wireless control handle.
2. Pull out the battery door through the groove.

3. Insert a CR1632 lithium battery (please note that the positive terminal faces towards the wireless control button).
4. Insert the battery door (please note that the battery door lock faces towards the wireless control button).

5. Long press the wireless control button and the indicator light is on, then you finish replacing the battery and it can be normally used.

Wireless Remote Control

1. Long press the wireless control button for 3 seconds to enter the wireless pairing mode, at this time the LED indicator light flashes blue.
2. Turn on your smartphone's wireless control and select "SmallRig CG01" for pairing.
3. When pairing is complete, the LED indicator light turns blue (only pairs one device at one time).
4. Manually switch to the phone shooting or recording mode, press the wireless control button to start/stop taking pictures or recording.
5. No need to pair again after the first successful pairing.

Service Warranty

Our company offers one (1) year of warranty service for the buyers.

Important:

Please keep your original receipt and guarantee card. Be sure the dealer has written on it the date of purchase and SN of the product. These are required for warranty service.

This warranty does not cover:

Defect caused by users' violation of the "Warnings" and "Intended Use".
Cosmetic defects that appear more than fifteen (15) days after the date of purchase. Cosmetic damage caused by improper handling is also excluded.
Damage that occurs while the product is being shipped to whoever will service it.

This warranty is void if:

The product identification or SN label is removed or defaced in any way.
The product is serviced or repaired by any one other than our company or the service agency authorized by our company.

Made in China

FCC Statement

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used with minimum distance 0mm between the radiator and your body.

ISED Statement
