### User Guide

Model: EZE-AW  
Input: 5V/1A

#### Precautions:

1. Use the power adapter produced by the regular manufacturer or a reliable computer interface to connect this product.
2. The watch should be accurately centered on the charging base, straighten the bands, and avoid other foreign objects such as bands that cause the watch to deviate from the charging position, resulting in slow or no charging of the watch.
3. The watch can be charged with a protective case, but some protective cases are not easy to dissipate heat, which will cause the watch to charge slowly. At this time, you need to remove the protective case and place it again for charging.
4. When charging, make sure that the charging cable and the adapter are connected reliably to avoid slow or no charging during the charging process.
5. Please do not use the product in a humid, high temperature environment.
6. When cleaning, it can be wiped with a damp cloth, do not use organic solvents such as detergents to avoid damage to the product.
7. Please do not disassemble this product, and do not place this product near a fire source.
8. Children or pets should be kept away from this product.

#### Vorsichtsmaßnahmen:

1. Verwenden Sie das Netzteil des regulären Herstellers oder eine zuverlässige Computerschnittstelle, um dieses Produkt anzuschließen.
2. Die Uhr sollte genau auf der Ladestation zentriert sein, die Bänder gerade richten und andere Fremdkörper wie Bänder vermeiden, die dazu führen, dass die Uhr von der Ladeposition abweicht, was zu einem langsamen oder gar keinem Laden der Uhr führt.
3. Die Uhr kann mit einer Schutzhülle aufgeladen werden, aber einige Schutzhüllen leiten die Wärme nicht leicht ab, was dazu führt, dass die Uhr langsam aufgeladen wird. Zu diesem Zeitpunkt müssen Sie die Schutzhülle entfernen und zum Aufladen erneut platzieren.
4. Achten Sie beim Laden darauf, dass das Ladekabel und der Adapter zuverlässig verbunden sind, um ein langsames oder gar kein Laden während des Ladevorgangs zu vermeiden.
5. Bitte verwenden Sie das Produkt nicht in einer feuchten Umgebung mit hoher Temperatur.
6. Beim Reinigen kann es mit einem feuchten Tuch abgewischt werden. Verwenden Sie keine organischen Lösungsmittel wie Reinigungsmittel, um eine Beschädigung des Produkts zu vermeiden.
7. Bitte zerlegen Sie dieses Produkt nicht und platzieren Sie dieses Produkt nicht in der Nähe einer Feuerquelle.
8. Kinder oder Haustiere sollten von diesem Produkt ferngehalten werden.

## FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
