

<p>Solder Board-Component View 30</p>	 A photograph of a small green printed circuit board (PCB) component mounted on a blue textured surface. The component is rectangular and has several small circular features. A black ruler with white markings is placed below the component for scale, showing measurements in millimeters. The ruler is oriented vertically, with the 0 mark at the top and the 100 mark at the bottom.
<p>Solder Board-Component View 31</p>	 A photograph of a blue rectangular battery component mounted on a blue textured surface. The battery has a white label with Chinese text and technical specifications. Three wires (red, black, and white) are connected to the battery. A black ruler with white markings is placed below the battery for scale, showing measurements in millimeters. The ruler is oriented vertically, with the 0 mark at the top and the 100 mark at the bottom.
