

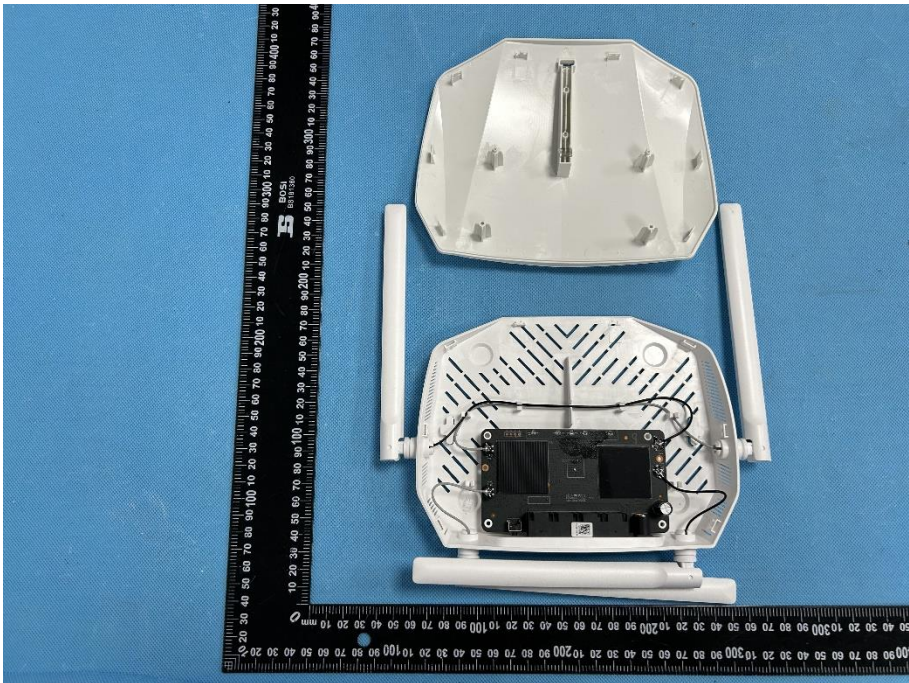

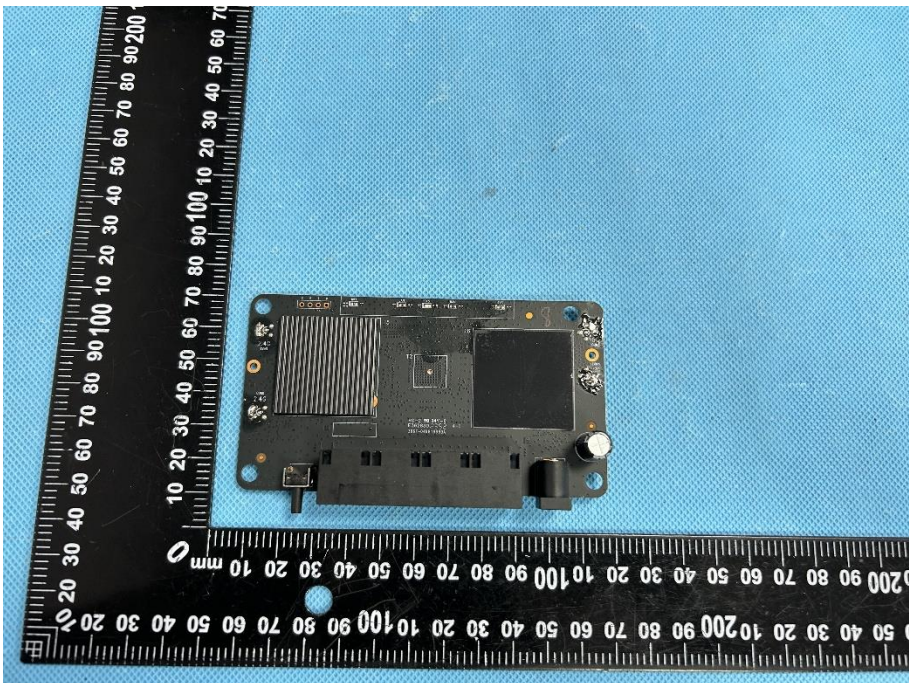

### EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p><b>EUT Housing and Board View 1</b></p>	 A photograph showing the white plastic housing of an EUT (Electronic Under Test) device. The top half is the lid, and the bottom half is the base. The base contains a black printed circuit board (PCB) with various components, including a large heat sink, a microcontroller, and several connectors. A black ruler is placed vertically to the left of the device for scale, showing measurements in millimeters.
<p><b>Solder Board-Component View 1</b></p>	 A close-up photograph of a black PCB component, likely a microcontroller or sensor, mounted on a board. The component has a large heat sink and several pins. A black ruler is placed vertically to the left of the component for scale, showing measurements in millimeters.
