Packing list

	Speaker *1		micro USB Charging cable *1
	Instructions and Warranty card *1		

Product specification

Effective distance: ≥ 10M
 Horn diameter: φ 45mm
 Impedance: 4 Ω
 Signal to noise ratio: ≥ 90dB
 Distortion: ≤ 5%
 Frequency response: 20Hz-10KHz
 Rated input: 5V 500mA
 Rated capacity of lithium battery: 800mAh
 Rated power: 4.3W
 Charging time: approximately 2 hours
 Usage time: approximately 3.5 hours
 Waterproof Level: IPX5

Tips

- Except for the operation methods specifically marked in the manual, please do not try to disassemble or replace any parts in the earbuds.
- Don't put the speaker in the water or any others liquid. The speaker are not waterproof.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
