**RE: Removal of reference to SDR**

**Grantee Code: 2BASD**

**FCC FRN: 0033626524**

To whom it may concern:

This is to confirm that cards installed in the FCC ID: 2BASDAMTMEC20234, known as MEC and FCC ID: 2BASDAMTBN20233, known as HC2 and FCC ID: 2BASDAMTBB20232, known as LC2 cannot be termed as SDR, as these radios cannot be remotely changed in terms of power, bands, etc. once installed in the cabinet. The software is tuned for specific band and power configuration only and cannot be changed remotely.

Yours sincerely,

Amantya Technologies Pvt. Ltd, India
