Charging Your Umbrella Light + Speaker

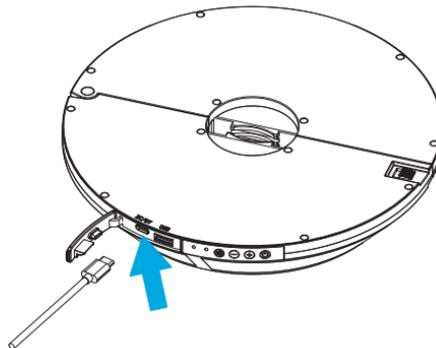

1

Open the lid that covers the control panel.

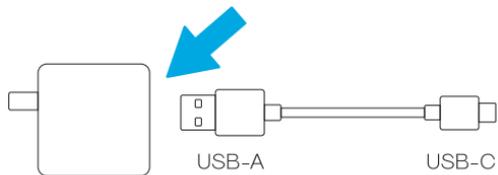

2

Connect the Umbrella Light/ Speaker cable to a USB-C port to charge the device.

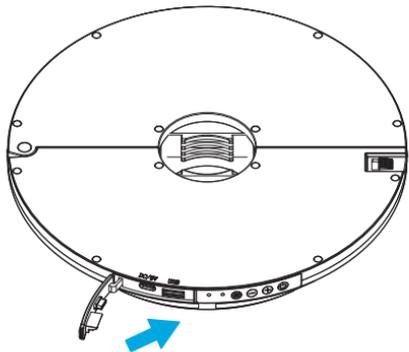

3

Connect the other end into a 5V2A or higher USB charger.

4

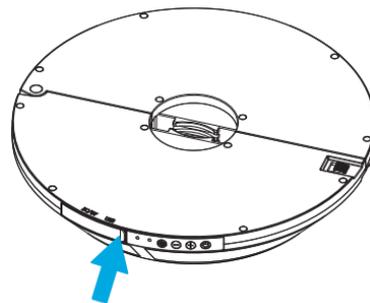

Press the cover to close it back into place when finished.

Charging Your Device

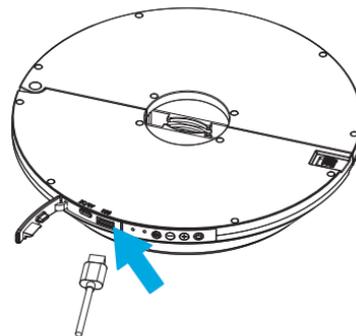

1

Open the lid that covers the control panel.

2

Connect any USB-enabled device into the USB-A port and the other end into your device.

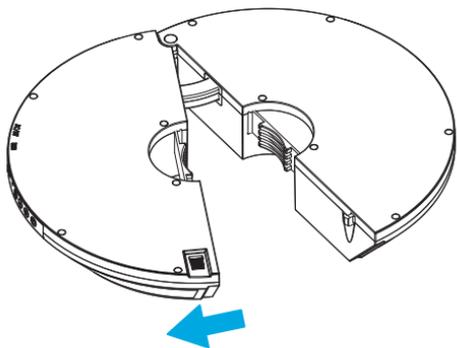

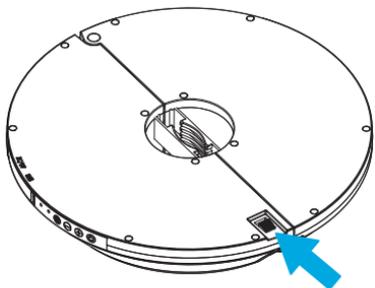

Attaching the Umbrella Light + Speaker to your Umbrella Pole

Note: The Umbrella Light/Speaker only works with pole sizes from 1-2in. in diameter.

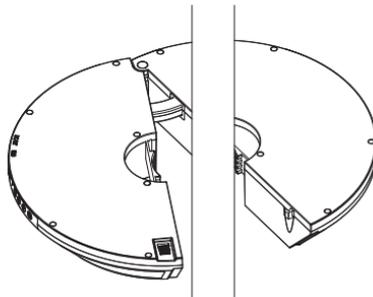

1

Hold the clip and open the Umbrella Light/Speaker.

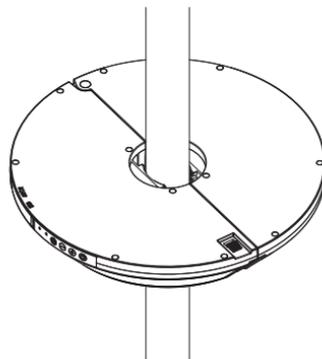

2

Place the Umbrella Light/Speaker around umbrella pole.

3

Close the Umbrella Light/ Speaker around the umbrella pole. The Umbrella Light/ Speaker will self-adjust according to pole diameter.

Control Panel

1 Power Indicator

Solid red means device is fully charged.

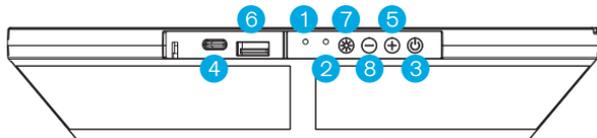

A flashing red light means device is charging or battery is lower than 10%.

3 Bluetooth® ON/OFF Play and Pause

Press for 2s to power ON/OFF. Quickly press to Play/Pause music.

2 Bluetooth® Indicator

Flashing blue light means to pair the Umbrella Light/Speaker and your device through Bluetooth®. If the light turns solid blue, then Bluetooth® pairing is successful. Continuous flashing blue light means the Bluetooth® pairing is failed.

4 USB-C Port

To charge the Umbrella Light/Speaker.

6 USB-A Port

To charge any USB-enabled device.

7 Light ON/OFF/ Change Light Mode

Short press button to choose light mode. Press button for 2s to turn the light ON/OFF.

5 Next Song/ Increase Volume

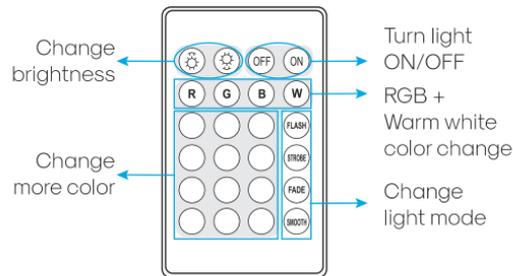

Short press the button to increase volume. Press button for 2s to play next song.

8 Previous Song/ Decrease Volume

Short press the button to decrease the volume. Press button for 2s to play previous song.

Remote

Note: Requires CR2025 batteries (included)

Model Number: RF433M24

Rated Voltage: 3V DC

FCC ID: 2BAT7RF433M24

FCC STATEMENT

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.
- Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

RF Exposure Information

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

RF Exposure Information

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

Safety Information

1. Read these instructions carefully for best use.
2. DO NOT use the LED Patio Umbrella Light + Speaker near water or expose it to rain or moisture.
3. DO NOT use the LED Patio Umbrella Light + Speaker near open flames, such as candles, heat sources, radiators and stoves.
4. Only clean the LED Patio Umbrella Light + Speaker with a dry cloth.
5. Caution: Risk of electric shock. Grounding continuity must be maintained.
6. For connection to a power supply not in the U.S.A., use an attachment plug adapter of the proper configuration for the power outlet, if needed.
7. Please check prior use, if output voltage and current of the power supply is suitable for the product.
8. Children should be supervised to ensure that they do not play with the appliance.
