FCC STATEMENT

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference.

(2) This device must accept any interference received, including interference that may cause undesired operation.

2. any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body

USER MANUAL

2.0 Channels PC Soundbar Model: ST200

CAUTION

Symbol Definitions

DANGER - Indicates an imminently hazardous situation, which, if not avoided, will result in death or serious injury. This symbol appears only in the most extreme situations.

WARNING - Indicates a potentially hazardous situation which could result in death or serious injury.

CAUTION - Indicates a potentially hazardous situation, which, if not avoided, may result in minor/moderate injury or product/property/damage. It also warns against unsafe practices

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

READ ALL INSTRUCTIONS BEFORE USE

Always follow basic safety precautions when using this speaker, especially when children are present.

1. Read this Instruction manual before you attempt to connect or operate the appliance.
2. Keep these instructions in good condition. Heed all warnings. Follow all instructions. Save this Instruction manual for future reference.
3. The apparatus shall not be exposed to dripping or splashing and no objects filled with liquids, such as vases, shall be placed on the product. Dry location use only.
4. No naked flame source, such as candles, should be placed on the product.
5. Children should be supervised to ensure that they do not play with the appliance.
6. Ventilation should not be impeded by covering the ventilation openings.

7. Only use accessories, which are specified by the manufacturer.
8. Install the unit in accordance with the manufacturer's instructions.
9. Place the unit where there is good ventilation. Place the system on a flat, hard and stable surface. Do not expose to temperatures above 40° C.
10. Always ensure that the USB cable is unplugged before moving or cleaning. Clean it with dry cloth only.
11. Unplug the USB cable during lightning, storms or when it will not be used for long periods of time.
12. This product has no user-serviceable parts. Do not attempt to repair this product yourself. Only qualified service personnel should perform servicing. Take the product to the electronics repair shop of your choice for inspection and repair.
13. NEVER let anyone, especially children, push anything into holes, slots or any other openings in the unit's casing as this could result in a fatal electric shock.
14. Don't mount this product on a wall or ceiling.
15. Do not place the unit near TVs, speakers and other objects that generate strong magnetic fields.
16. This unit is for indoor and dry location use only.
17. Do not leave the unit unattended when it is in use.

2.0 Channels PC Soundbar

This product combines the power cable and audio cable into a single USB cable, making it more convenient for users and keeping the desktop neat and tidy.

1

Using Scene 1: 5V 1A Adapter

After connecting to the power source, you can switch the speaker to BT mode by clicking the speaker knob, Search for the BT name "ST200" and connect your BT device to the speaker.

2

Using Scene 2: Computer

- ①: After connecting the USB cable to the USB port of the computer, the speaker will enter the power-on mode.
- ②: Short press the speaker control knob once to switch between the speaker's operating AUX/BT modes.
- ③: When music is playing, double-click the speaker control knob to put the speaker in pause mode. Double-click the control knob again to resume the playback mode.
- ④: Triple-click the speaker control knob to control the lighting effects and toggle the lighting on/off.

3

- ① Speaker Knob
- ② Headphone Port
- ③ Headphone Microphone Port

Knob: Rotate the knob clockwise or counterclockwise to adjust the volume of the speaker.

Headphone/microphone jack: The Sound Blaster headphone/microphone jack allows for the use of separate headphones and microphones. (The red-colored port represents the headphone jack, while the green-colored port represents the microphone jack.)

Specification

Part No.	:	ST200
