 Rated output power: 3W RMS  
 SNR: >70db  
 Bluetooth Version: V5.0 + EDR  
 Control Range: 33ft/10m  
 Input: 5V0.2A  
 Output: 3.7V1A  
 Battery: 3.7V 1200MAH  
 Built-In Battery: 3.7V 1200mAh  
 Lamp Shell Material: Glass  
 Lamp Base Material: ABS  
 Charge Time: 2.3hrs

MADE IN CHINA

### BATTERY DISPOSAL AND MAINTENANCE

- Be sure speaker is fully charged before using
- Use only standard AC outlets or USB-A ports to charge
- To extend battery life be sure to fully charge and drain each time
- Please properly recycle the internal battery at your local center

### CARE AND MAINTENANCE

- Do not expose the speaker, moisture, or humidity to avoid damage to the product's internal circuitry.
- Do not use abrasive cleaning solvents to clean the unit.
- Do not expose the speaker to extremely high or low temperatures as this will shorten the life of the electronic device, destroy the battery, and/or distort certain plastic parts.
- Do not dispose of the speaker in fire as they may explode or combust.
- Do not expose the speaker to contact with sharp objects as this will cause scratches and damage.
- Do not let the speaker fall from high places, as doing so may damage the internal circuitry.
- Do not attempt to disassemble the speaker
- Keep the unit free from dust, lint, etc.
- This product is not a toy. Keep out of reach of children.

CAUTION: Risk of Electrical Shock – Use in Dry Locations Only.

### FCC STATEMENT

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
  - Increase the separation between the equipment and receiver.
  - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
  - Consult the dealer or an experienced radio/TV technician for help.
- Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20 cm between the radiator & your body.
