

Radio frequency radiation exposure evaluation: portable devices

RESULT :

Pass

Test Specification

Test item	:	2.4G REMOTE CONTROL
Identification / Type No.	:	TX20
FCC ID	:	2BBXUJE1008-1
Test standard	:	CFR47 FCC Part 2: Section 2.1093 FCC KDB Publication 447498 D04

Measurement Record:

E.I.R.P = 63.98-95.2 = -31.28dBm

Since maximum peak output power of the transmitter is -31.28dBm \approx 0.000074mW < 3 mW.

Hence the EUT is excluded from SAR evaluation according to FCC KDB Publication 447498 D04
