 材料: 105g铜版纸, 双面单色印刷, 风琴折

In order to ensure user's safety and prevent the product damages caused by any improper use, please carefully read the "Warnings" below and properly keep this User Manual for future reference.

**Foreword**  
 Thank you for purchasing SmallRig's product.

**Warnings**

- Please read this User Manual carefully.
- Do not use the product in water.
- Do not let the product fall to the ground, be hit or suffer violent impact.
- Do not use the product in the completely closed environment, or it may lead to rise of internal temperature, which causes product failure, ignition or other accident.
- Never remove the non-detachable lithium battery without permission.
- When the battery is not in use for a long time, please charge and discharge the battery each 6-month, and provide it with approximately 60% of the electric quantity to prolong its use life.
- Since there are some hazardous substances in the battery, please do not discard it. Instead, dispose of the product that is damaged or will never be used according to the waste management measures.

**Intended Use**

- Please read this User Manual carefully, especially the "Warnings".

It will be regarded as an improper use when the users are not correctly follow the user manual or use the product under the specific working condition.

**⚠ Please do not disassemble the product. If you have any question, please contact the seller to apply after-sales service.**

**FCC Compliance Statement**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- This device may not cause harmful interference.
- This device must accept any interference received, including interference that may cause undesired operation.

**[Warning]**  
 Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**[Note]**  
 This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates,uses and can radiate radio frequency energy, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver.

Connect the equipment to an outlet in a different circuit than the receiver is connected to. Consult the dealer or an experienced radio/TV technician for help.

**RF Warning Statement**  
 This device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure condition without restriction.
