

Statement

QUAD-C2 is a host device based on the certification modular (FCC ID: XMR201709BG96, certified on 07/20/2017). The cellular modular is used without any hardware or software changes (GSM related functions disabled by Quectel via SW).

Also, both the referenced application and the new application are all subject to FCC rules. Thank you for your attention and please feel free to contact us, if you should have any questions.

Sincerely yours,

Name: Norman G Ballard

Title: CEO
