

Furniture Power Distribution Unit

Model.:PS002-PC-WT2M-2A2U1W

AC Input: 125V~ 60Hz 13A 1625W

USB-A Output:5VDC 2.4A each 12W(Total)

USB Output Power:5VDC 3A 15W(Total)

Wireless Output:5W/7.5W/10W/15W(Max)

safety

DANGER: Electrical cords can be hazardous

Misuse can result in fire or death by electrical shock

Please read carefully and follow all directions during use

To reduce the risk of electric shock - Use in dry indoor locations only Do not mount or support cord set or strings in a manner that can cut or damage wire insulation

.Keep children and pets away from cord Do not plug into another relocatable power tap or an extension cord Do not drive, drag or place objects over cords

Do not walk on cord

Grasp plug to remove from outlet

Do not install this device if there is not at least 10 meters (30 feet) or more of wire between the electrical outlet and the electrical service panel Always unplug when not in use. do not unplug by pulling on cord Inspect thoroughly before each use. do not use if damaged Do not run through doorways, holes in ceilings, walls or floors

Fully insert plug into outlet

Do not remove, bend or modify any metal prongs or pins of cord Do not use excessive force to make connections

Do not connect a three-prong plug to a two-hole cord The interrupting rating of any required external circuit breaker: 15A Not for use with

aquariums or other water-related products

.generators and power inverters

medical lift-support products

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. During the operation of device a distance of 15 cm surrounding the device and 20 cm above the top surface of the device must be respected.

ISED Statement

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

Cet appareil contient des émetteurs/récepteurs exempts de licence qui sont conformes aux RSS sans licence d'Innovation, Sciences et Développement économique Canada.

L'exploitation est soumise aux deux conditions suivantes :

1. Cet appareil ne doit pas provoquer d'interférences.
2. Cet appareil doit accepter toute interférence, y compris les interférences qui peut entraîner un fonctionnement indésirable de l'appareil.

This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment.

During the operation of device a distance of 10 cm surrounding the device and 10 cm above the top surface of the device must be respected.

Cet équipement est conforme Canada limites d'exposition aux radiations dans un environnement non contrôlé.

au cours de l'opération de l'appareil sur une distance de 10 cm autour de l'appareil et de 10 cm au - dessus de la surface supérieure de l'appareil doit être respecté.
