Or visit the "Ultim" menu on the official website to complete your product registration.

### BRAND STORY

ULTIM  
Professional testing and recommendation of weight lifters.

All our products are designed through our extensive, 40+ years of experience by professional fitness coaches for the fitness enthusiast (powerlifter, bodybuilder, etc.) who is looking for a product that is made by using the best materials.

**Quality:**  
In 2014, we founded Ultim. We discovered the biggest holes in the bodybuilding market were in the areas of barbells, bumper plates, and other fitness accessories. We decided to fill these holes with our own products. Our vision was to build a brand of products with a focus on quality, and use of materials that are harmful to the body. After three years, we were able to create a comprehensive range of high quality and durable products that are only available through our website.

**Customer Service:**  
Customer service is our top priority. We offer a 24-hour customer service team, as well as a comprehensive customer service.

### AFTERSALES SERVICE

If you are not satisfied with the product, please contact us first, we will try our best to solve your problem as soon as possible.

Other questions, such as warranty and authentication, inquiries for your product name, product specifications, etc.

### FCI Warning Statement

Changes in regulations and approvals approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the equipment does cause harmful interference to a cable or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into a separate electrical circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**FCI Radiation Exposure Statement**

This device has been evaluated to meet general FCC exposure requirements. This device does not emit radio frequency energy. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

### SPECIFICATION

Dimensions (without the accessories): 100x100x100mm  
Weight: 1.5kg  
Material: ABS  
Color: Black  
Power: 10W  
Voltage: 100-240V  
Frequency: 50/60Hz  
Power Switch: On/Off  
Safety: CE, FCC, RoHS  
Warranty: 12 months

### ILLUSTRATE

Charging time: About 2H  
Charging cable: USB-C to USB-A  
Charging cable length: 1.5m  
Charging cable color: Black  
Charging cable connector: USB-C to USB-A  
Charging cable connector: USB-C to USB-A

### HOW TO USE

**Before use:**  
1. Check the product body is waterproof and can be washed with water.

**Using:**  
1. Press the power button to turn on the product.

**After use:**  
1. Turn off the product and disconnect the power cable.

**Storage:**  
1. Store the product in a dry and cool place.

### ATTENTION

**Warning:**  
1. Do not use the product in wet or damp environments.

**Caution:**  
1. Do not use the product for long periods of time.

**Do not use:**  
1. Do not use the product for long periods of time.
