

# UL Listed Connect 5000 mAh Wireless Power Bank

Instruction Manual  
7122-11 Model #: SP0611

## Functions:

1. USB-A Output Port
2. Wireless Charging LED Indicator
3. LED Indicators
4. Type-C Input Port
5. ON/OFF Button
6. Wireless Charging Surface

## What's included:

- 1 x Wireless Power Bank
- 1 x Charging Cable
- 1 x Instruction Manual

## Tech Specifications

- Type-C Input/output: 5Vdc / 2A
- USB-A Output: 5Vdc / 2.1A
- Wireless Output: 5W
- Battery/Cell Capacity: 18.5Wh, 3.7V / 5000mAh
- Product Capacity(USB-A/Type-C): XXWh, 5Vdc / XXXXmAh
- Operating temperature: 5~40°C for Charging  
0~40°C for Discharging
- Product Name: Power Bank

## Instructions:

### 1. Charging the Powerbank:

- Be sure the power bank is fully charged before usage.
- The LED Indicators(3) display the battery capacity of the powerbank.
- Using the included Type-C to USB-A charging cable, insert the USB-A tip of the cable into a certified USB AC adapter or USB-A port of a computer and the Type-C tip into Type-C Input(4).
- Once connected, the LED indicator(3) will flash BLUE when charging.
- Once fully charged the LED indicator will stop flashing and glow BLUE, remove the charging cable from the power bank.

### 2. Charging Mobile Phones and Other Electronic Devices:

- Connect the charging cable to your mobile phone/device using the appropriate connector and connect the USB-A tip of the cable into either USB-A Output(1).
  - This device will begin to charge automatically, the LED indicators(3) will glow.
  - Remove the charging cable from your device when it is fully charged.
  - Power bank can be turned OFF by double pressing the ON/OFF button(5).
- ### 3. Wireless Charging Mobile phones and other electronic devices:
- Press the ON/OFF button to turn ON the powerbank.
  - Place the wireless charging supported mobile device on the wireless charging surface(6), LED indicator(2) will glow GREEN when device is charging.
  - Phone will begin to charge automatically.
  - Once fully charged remove the device.

*Note: When wireless charging, if the LED indicator flashes the device is either NOT a wireless charging device or there is an object between the device and charging surface interfering with the charging process.*

## SAFETY PRECAUTIONS:

- WARNING-When using this product, basic precautions should always be followed:

1. Read all the instructions before use.
2. Never store or use this product in temperatures below 32°F(0°C) or above 113°F(45°C).
3. Do not overcharge your phone. The unit may become hot under excessive use. Remove your phone once it is fully charged. Never charge your phone for more than 7 hours at a time.
4. To reduce the risk of injury, close supervision is required when the product is used near children.
5. Do not expose the device to moisture.
6. Do not use the device in excess of its output rating. Overload outputs above the rating may result in a risk of fire or injury
7. Do not use the device if damaged or modified.
8. Damaged or modified batteries may exhibit unpredictable behaviour resulting in fire, explosion or risk of injury.
9. Do not disassemble the device. For repairs, seek a qualified service professional. Incorrect reassembly may result in a risk of fire or injury.
10. Do not expose the device to fire or excessive temperature. Exposure to fire or temperatures above 104°F may cause explosion.
11. To ensure product safety, ensure that identical replacement parts.
12. Attachments on the back of your phone

can impede the effectiveness of the wireless charger, and lead to overheating. You must remove attachments from the phone before charging on this device.

## FCC Statement:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
  - (2) This device must accept any interference received, including interference that may cause undesired operation.
- \* Warning:  
Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

## Note :

This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment the interference by one or more of the following measures:  
Reorient or relocate the receiving antenna.  
- Increase the separation between the equipment and receiver.  
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help.

## FCC Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

## IC Statement :

- This device contains licence-exempt transmitter (s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:
1. This device may not cause interference.
  2. This device must accept any interference, including interference that may cause undesired operation of the device.
- L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:
1. L'appareil ne doit pas produire de brouillage;
  2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
- Radio Frequency Exposure Statement for IC This equipment complies with IC exposure limits set forth for an uncontrolled environment.  
le dispositif a été évalué à satisfaire l'exigence générale de l'exposition aux rf. l'appareil peut être utilisé dans des conditions d'exposition portatif sans restriction.

carrosserie.  
CAN ICES-3 (B) / NMB-3 (B)  
This Class B digital apparatus complies with Canadian ICES-003.  
(Cet appareil numérique de la Classe B conforme à la norme NMB-003 du Canada).

**EN CAUTION:** Risk of Fire and Burns, don't open, crush, disassemble and dispose of in fire. Accessible surfaces held or touched for short periods only. Don't heat above 45 °C or Incinerate. Follow Manufacturer's Instructions

**FR DANGER:** risque d'incendie et de brûlures, ne pas ouvrir, démonter, écraser ni jeter au feu. Ne pas toucher
