Subject: Requesting Class II permissive change for FCC ID: 2BCGWS500D

To Whom It May Concern:

The purpose of this letter is to request a Class II Permissive change for FCC ID: 2BCGWS500D, original granted on 01/03/2024.

There is no other hardware or electrical modification made to the applying transmitter itself except below:

The worst cases of conducted and radiated emissions below 1GHz have been re-evaluated by sample of FCC ID: 2BCGWS500D, model name: HS220-2. Model difference(s):

a. Changed the model name as HS220-2. (HS220-2 consists of two original model Tapo S500D and an outer frame, functions and circuits are independent.)

Before:

New:

b. Changed the information of manufacturer from TP-Link Corporation Limited to TP-LINK CORPORATION PTE.LTD..

c. Changed the shell (Merge two identical products onto one board) .

The product of HS220-2 is sold together with two HS220s, and the following panels are provided for users to arrange on their home walls.

Both HS220s operate in client mode and are remotely controlled by users through the app. The WiFi function is used to control the on and off of switches, with no other data exchange functions included. And they work independently, including configuration and working status, all of which are independent of the other one.

Please contact me if you have any questions or need further information regarding this application.
