

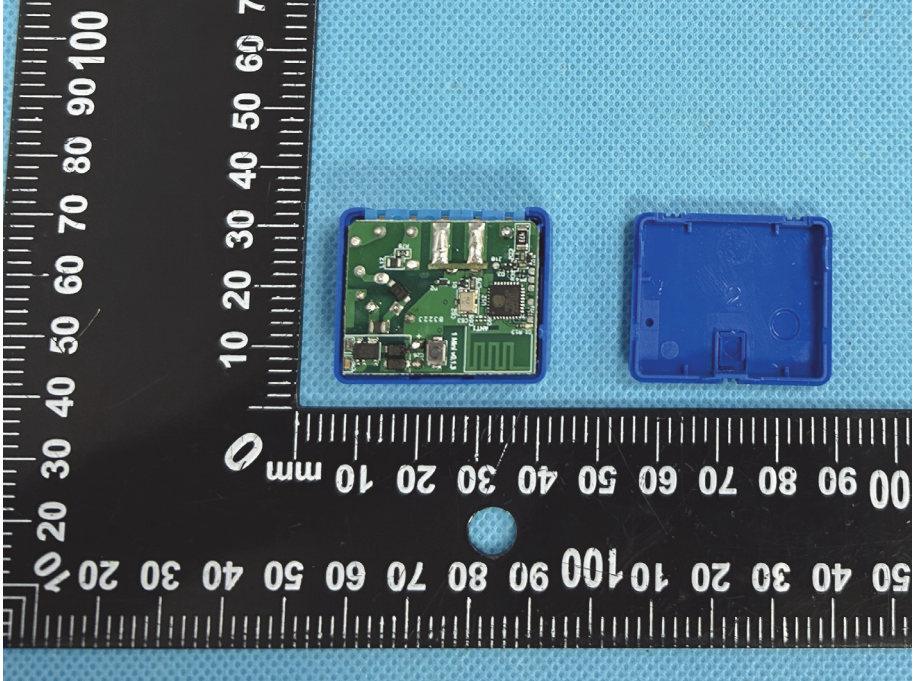

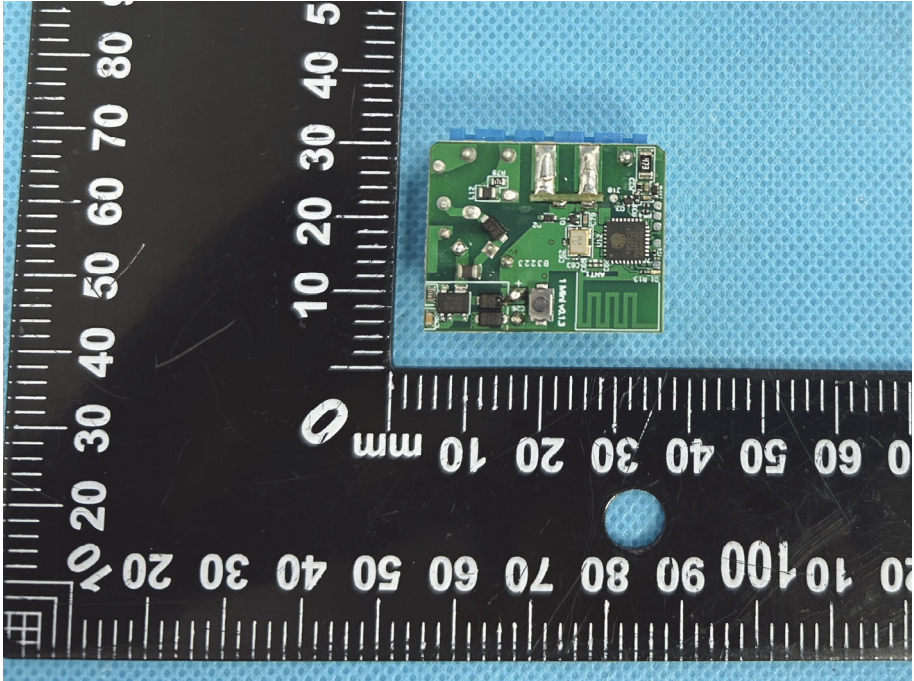

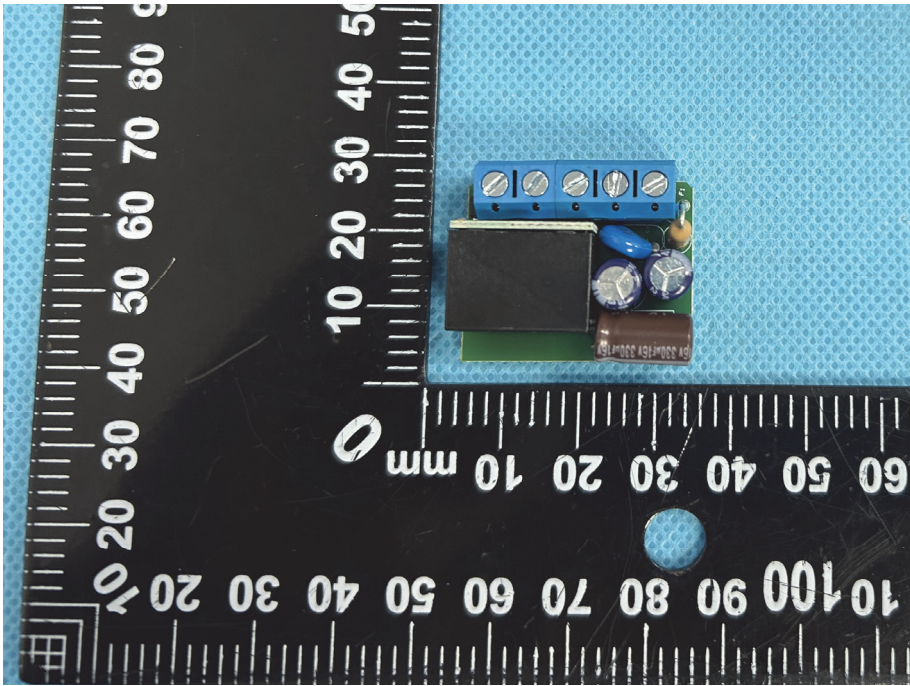

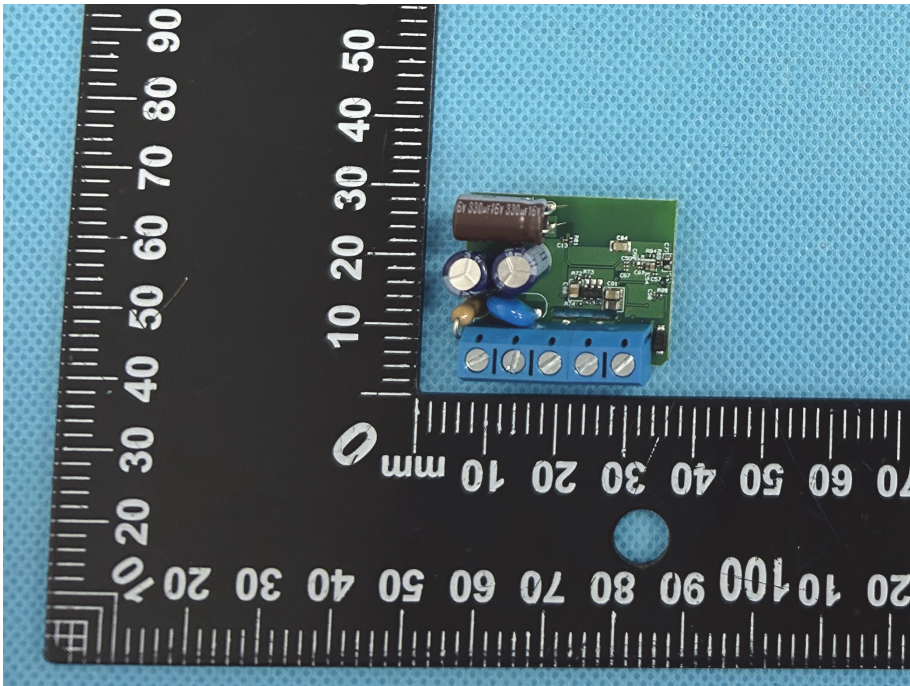

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p>EUT Housing and Board View 1</p>	
<p>Solder Board-Component View 1</p>	

<p>Solder Board-Component View 2</p>	 A photograph showing a green printed circuit board (PCB) component mounted on a blue solder mask. The component includes a blue terminal block with four terminals, a black rectangular component, two blue electrolytic capacitors, and a brown electrolytic capacitor. The component is placed on a black surface with a white ruler for scale. The ruler shows markings in millimeters, with the component positioned between the 10 mm and 50 mm marks.
<p>Solder Board-Component View 3</p>	 A photograph showing the same green PCB component from a different perspective. The blue terminal block is now at the bottom of the component. The black rectangular component, two blue electrolytic capacitors, and a brown electrolytic capacitor are visible. The component is placed on a black surface with a white ruler for scale. The ruler shows markings in millimeters, with the component positioned between the 10 mm and 50 mm marks.
