

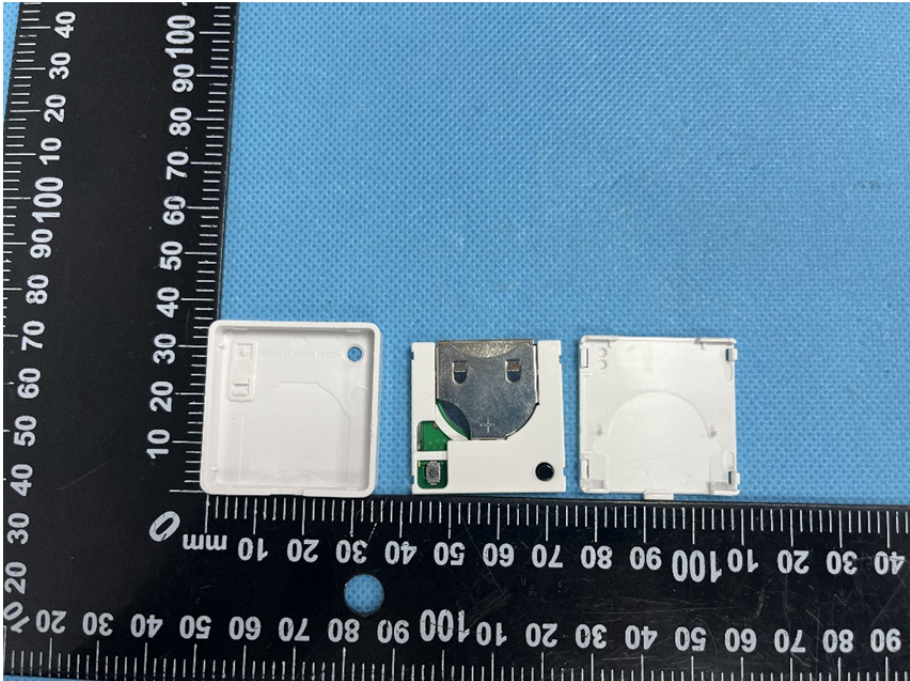

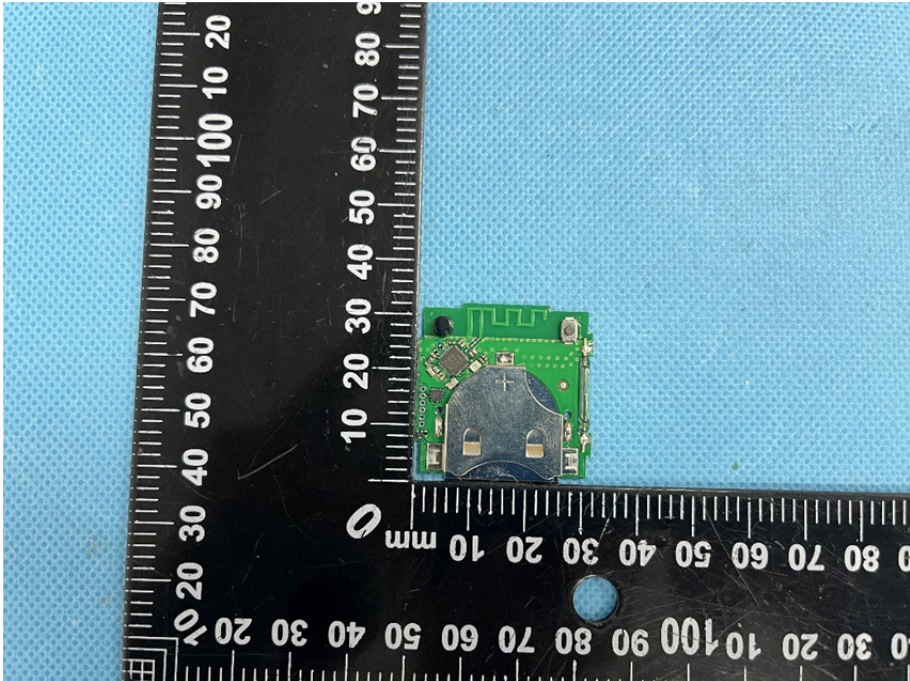

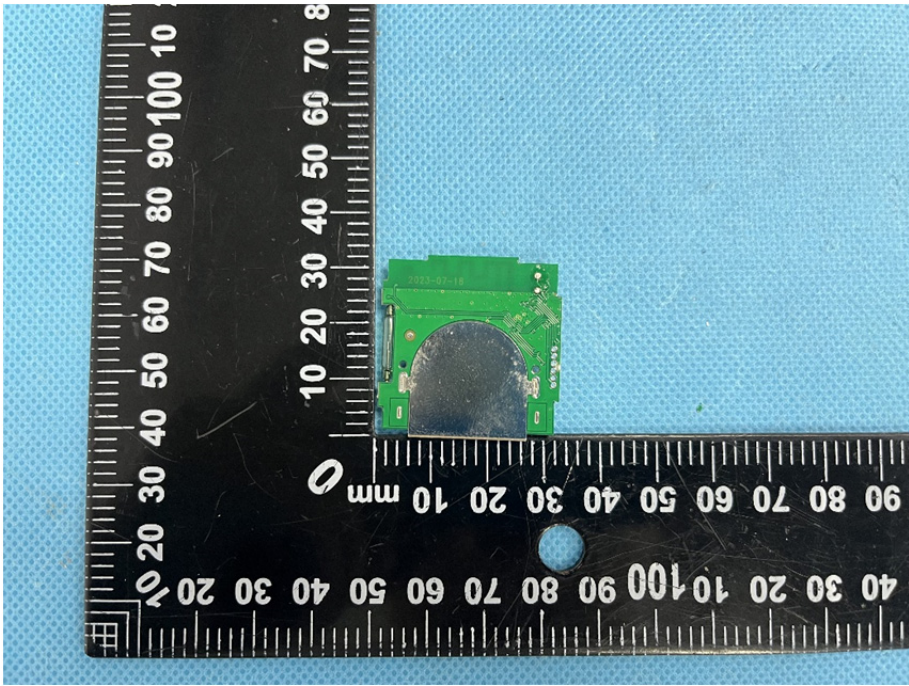

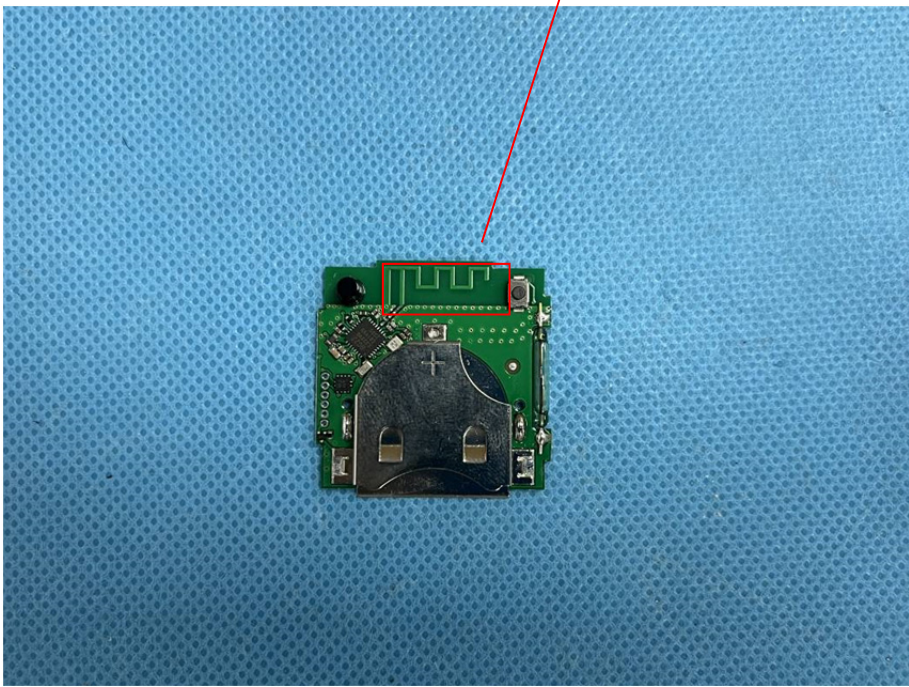

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p>EUT Housing and Board View 1</p>	 <p>This photograph shows three components of the EUT housing and board assembly. From left to right: a white plastic housing, a green printed circuit board (PCB) with a silver metal contact area, and another white plastic housing. A black ruler with white markings is placed below the components for scale, showing measurements in millimeters. The background is a blue textured surface.</p>
<p>Solder Board-Component View 1</p>	 <p>This photograph is a close-up view of the green PCB component, showing the soldered connections and the silver metal contact area. A black ruler with white markings is placed to the left of the component for scale, showing measurements in millimeters. The background is a blue textured surface.</p>

<p>Solder Board-Component View 2</p>	 A photograph showing a small green PCB component with a circular silver pad, placed on a blue textured surface. A black ruler with white markings is positioned to the left and bottom of the component for scale. The ruler shows millimeter markings from 0 to 100.
<p>Antenna View</p>	 A photograph showing the same green PCB component from a different angle. A red rectangular box highlights a specific area on the top edge of the component, which is identified as the BLE Antenna. A red line points from a text box labeled "BLE Antenna" to this highlighted area. The component is placed on a blue textured surface.
