

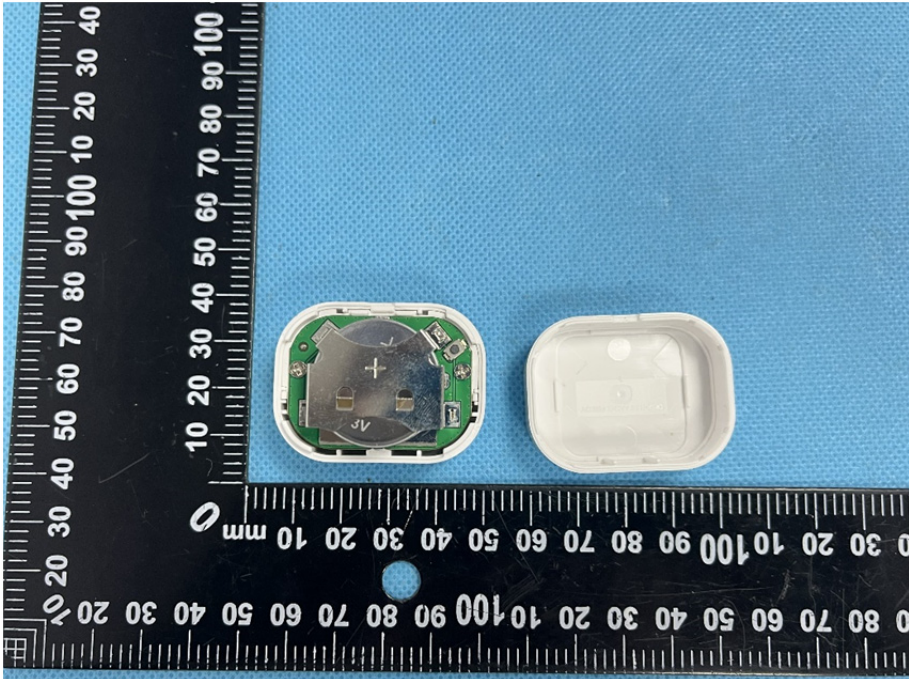

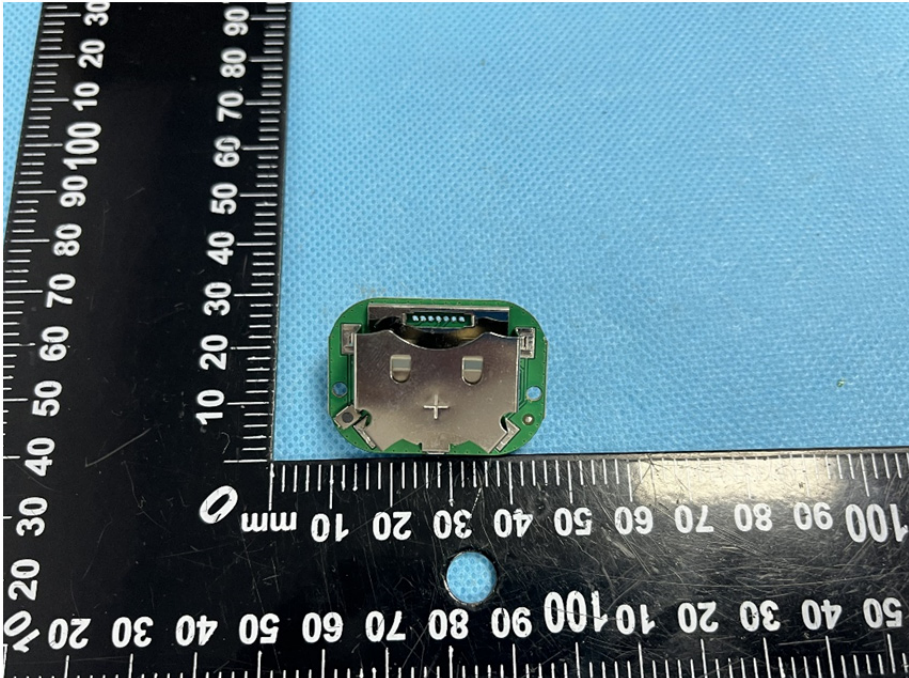

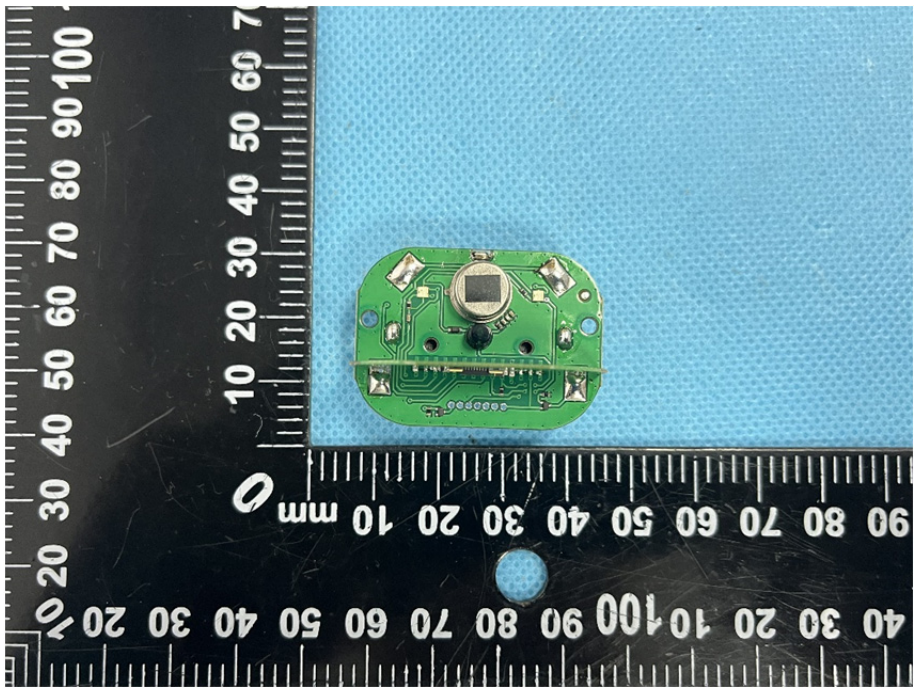

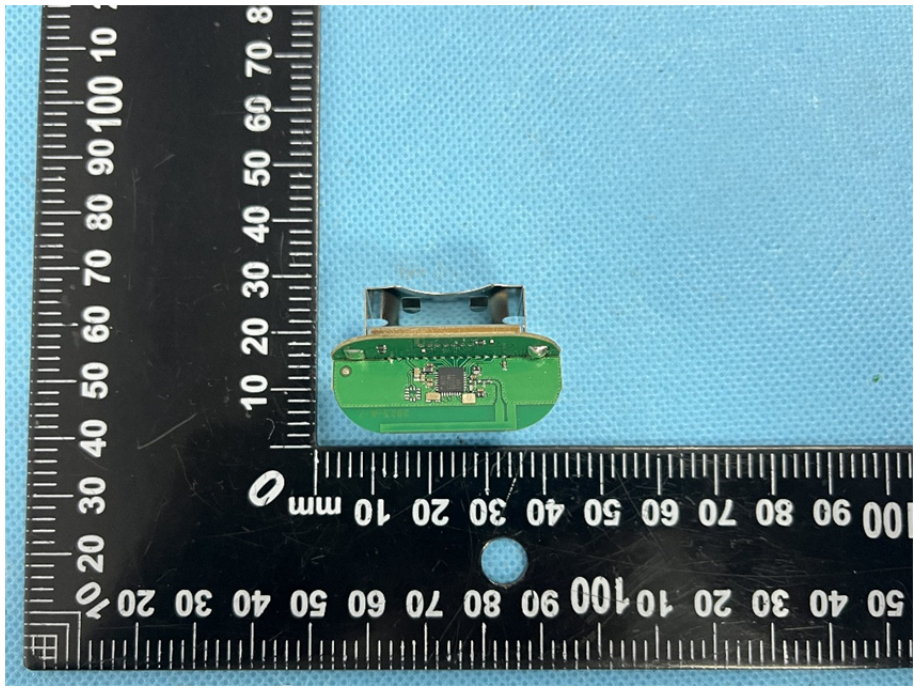

### EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p><b>EUT Housing and Board View 1</b></p>	 A photograph showing the EUT housing and board. The housing is a white, rectangular plastic component with rounded corners. The board is a green PCB with a silver metal component mounted on it. The components are placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the board and housing positioned between the 10mm and 100mm marks.
<p><b>Solder Board-Component View 1</b></p>	 A close-up photograph of the solder board-component. The component is a silver metal piece with a cross-shaped mark on its surface, mounted on a green PCB. The component is positioned on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component positioned between the 10mm and 100mm marks.

<p><b>Solder Board-Component View 2</b></p>	 A photograph of a green solder board component, viewed from the top. The component is roughly rectangular with rounded corners and features a central square component, several smaller components, and various solder joints. It is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component's width being approximately 40 mm and its height approximately 25 mm.
<p><b>Solder Board-Component View 3</b></p>	 A photograph of the same green solder board component, viewed from the bottom. The component is positioned on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component's width being approximately 40 mm and its height approximately 25 mm. The bottom view shows the underside of the component, including the solder joints and the components on the reverse side.
