

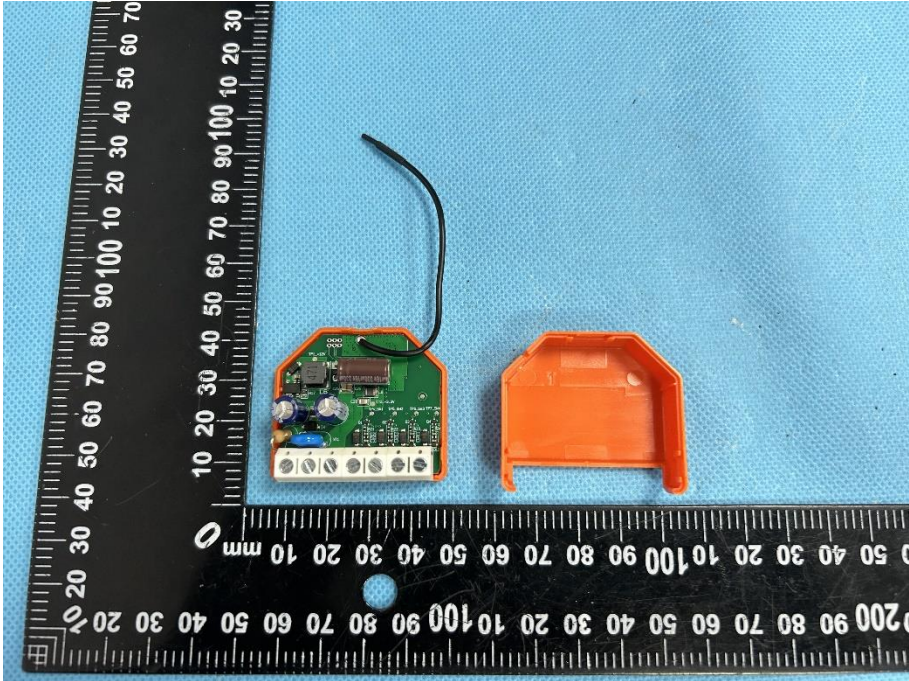

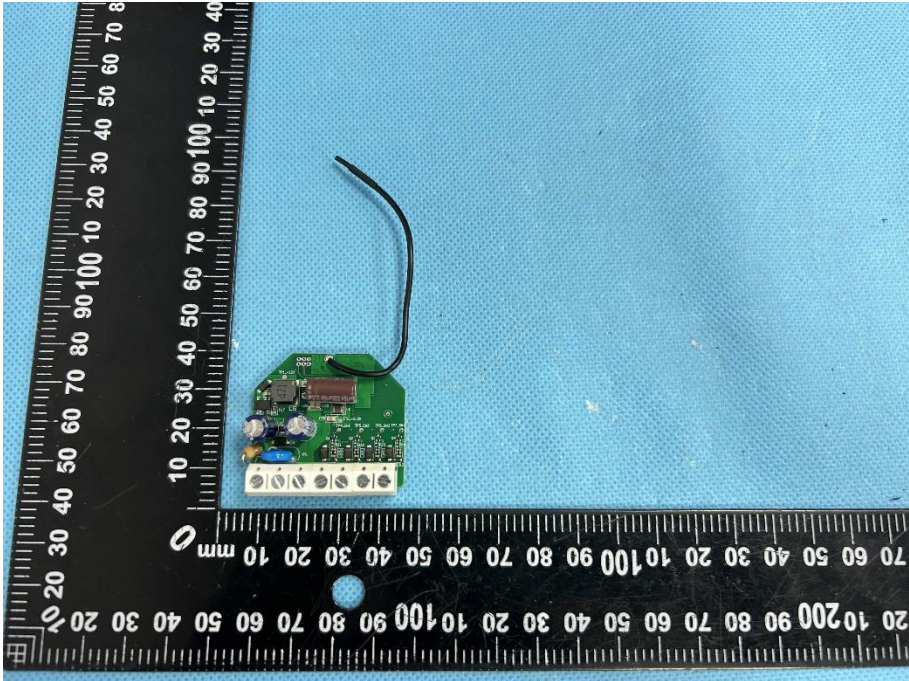

### EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p><b>EUT Housing and Board View 1</b></p>	 A photograph showing a green printed circuit board (PCB) with various electronic components, including a black integrated circuit, several blue capacitors, and a white terminal block with four pins. A thin black wire is connected to the board. To the right of the board is an orange plastic housing. A black ruler with white markings in millimeters is placed below the components for scale. The background is a light blue textured surface.
<p><b>Solder Board-Component View 1</b></p>	 A close-up photograph of the green PCB component shown in the previous image. The board is positioned next to a black ruler with white markings in millimeters. The components, including the black IC, blue capacitors, and white terminal block, are clearly visible. The thin black wire is also present. The background is the same light blue textured surface.
