### This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no quarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help. Caution: Any changes or modi?cations to this device not explicitly approved by manufacturer could

interference received, including interference that may cause undesired operation.

void your authority to operate this equipment. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any

## RF Exposure Information

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

## PRODUCT MANUAL

## (1) Packaging items

- Wireless headphone
- · Manual
- · Charging cable

## (2) Precautions

- · Store and use this product in a normal temperature environment;
- · Do not expose this product to rain or moisture;
- · Do not throw, to avoid damage caused by falling products;
- · Do not disassemble, repair and modify this product;
- · Do not use chemical solvents to wipe the product;
- · Do not arbitrarily discard or put in the fire, so as not to cause danger!

## (3) Tips

In order to achieve the best sound quality headphones, please wear your headphones normally, do not disassemble the hardware yourself, use dry, soft cotton and so on.

We recommend that you take the following precautions:

- 1. Please listen to the appropriate volume of music, to prevent the
- adverse effects of hearing. 2. Do not use the product in the exposed liquid, wet or moisture in the environment.
- 3. When the temperature exceeds the specified temperature range 0°C to 40°C, do not operate the product. (If the range exceeds the specified temperature, turn off the device and allow the temperature to stabilize within the specified operating range.)

## (4) Statements

- 1. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this device.
- 2. This device complies with Part 15 of the FCC Rules. Operation is subject to the condition that this device does not cause harmful interference.
