

**Federal Communications Commission  
Authorization and Evaluation Division  
ATTESTATION**

FCC ID: 2BDS2-CO100G1

**Product description: Notebook PC**

We, Hypertechnologie Ciara Inc. Ciara Technologies Inc attest that this device under FCC ID: 2BDS2-CO100G1 complies with device protocol requirements and operational restrictions for Indoor Client 6XD :

1. Device Protocol Attestation Statement:

b. The device will only associate and connect with a low-power indoor access point or subordinate device and never directly connect to other client devices.

c. This device will always initiate transmission under the control of a low-power indoor AP or subordinate except for brief transmissions before joining a network. These short messages will only occur if the client has detected an indoor AP or subordinate operating on a channel. These brief messages will have a time-out mechanism such that if it does not receive a response from an AP it will not continually repeat the request.

d. Transmissions will be lower or equal to the power advertised by the indoor lowpower access point or subordinate and never above the maximum output power allowed by the FCC grant for equipment class 6XD.

2. Understanding of Statement acknowledging device restrictions:a.Prohibited for control of or communications with unmanned aircraft systems, including drones.

Best regards
