Music mode: Blue Light Flash slowly	Red Light on during charging, red light off when fully charged

Packing list Headphones 1-Pc Type-C Charging Cable-1Pc Audio Cable 1-Pc Manual 1-Pc

Bluetooth connection

- 1. Keep Your Bluetooth headset within one meter of your phone (or other connected device) as close as possible.
- 2. To ensure the headset is off, pull the switch to the ON position until the red/blue light alternately flashes, then enter the pairing state and wait for the connection:
- 3. Turn on the Bluetooth feature of the user's mobile phone (or other Bluetooth device) and search or scan it. Then the mobile phone will search all the nearby Bluetooth devices. Click on the headset name that you have found: **STMK-MGM-001**, and enter the password 0000(most mobile phones do not need a password) , After successful pairing, the headset indicator light turned blue flashing, indicating a successful paired connection!

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
