117.00 mm

Package Contents

This package contains five (5) of each:

- Ally® 4" touch screen player
- USB A to C cable
- Mounting bracket
- Mounting tape
- Mounting screw & anchor kit

Mounting

Ally® allows three (3) mounting options:

- Built-in stand: Use built-in 30-degree fold-out for tabletop display
- Mounting tape: Adhere to bracket (included), then adhere bracket to desired location. Use clips to attach Ally® to bracket
- Mounting screw & anchor kit: Use to firmly attach to surfaces where tape may not stick well

Warning:
Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Warning:
NOTE:
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning:
FCC Statement:
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is

Warning:
FCC Statement:
encouraged to try to correct the interference by one or more of the following measures:
—Reorient or relocate the receiving antenna.
—Increase the separation between the equipment and receiver.
—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
—Consult the dealer or an experienced radio/TV technician for help.

The equipment complies with FCC Radiation exposure limit set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
