stand

UPC: 856600013244,056500013237

Model Numbers: AW-P307

FCC ID: 2BE7M-AWP307

IC: 32103-AWP307

Version 1.0

Package Contents

- Stand
- 0.8 meter USB-C cable
- Requires 15W USB-C Power Adapter (not Included)

Specifications

Weight 35 g

Size 63.9 mm

Input 15W

Output .5/1A charging speed for Qi wireless charging devices

- Charges iPhone 14 and later
 - Magnetic alignment feature only works with iPhone 14 and later
- Devices
- AirPods Pro, AirPods Gen3

Product Overview

- 1 Magnetic Qi Charger

2 Pull bracket

Charging Tips

Stand features a magnetic Qi charger. To begin charging, simply center your device on the puck and allow it to snap into optimal charging position.

Stand works with MagSafe enabled iPhones (iPhone 12 and later).

Disposal of Product and Packaging

Packaging: The inner cardboard tray is recyclable and can be placed in your recycling bin. The outer box and attached foam inserts are not recyclable. These components are disposable in your landfill waste.

Product: Should your product become damaged or defective, and is no longer covered under warranty, please responsibly dispose of the product and its AC power adapter at your local e-waste collection center. If an e-waste collection center is unavailable to you please contact us at awell@awellsz.com and we will accept your used device back for responsible disposal.

Warranty

The product warranty is 2 years, and the charging cable warranty is 1 year, within the normal and correct use

FCC Statement

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and if not installed and used in accordance with the instructions may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception; which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures

Reorient or relocate the receiving antenna

. Increase the separation between the equipment and receiver

. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation

RF Exposure Warning Statements:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment shall be installed and operated with minimum distance 20cm between the radiator & body

Statement for IC

This device contains licence exempt transmitter(s)/receiver (s) that comply with Innovation, Science and Economic Development Canada's licence exempt RSS(s) Operation is subject to the following two conditions

(1) This device may not cause interference

(2) This device must accept any interference, including interference that may cause

undesired operation of the device

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux
CNR d'Innovation, Sciences et Développement économique Canada

applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux
conditions suivantes:

- (1) L'appareil ne doit pas produire de brouillage
- (2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement

Radio Frequency Exposure Statement for IC

This equipment complies with IC exposure limits set forth for an uncontrolled environment.
This equipment shall be installed and operated with minimum distance 10cm between the
radiator & body

Cet équipement est conforme aux limites d'exposition IC définies pour un environnement
non contrôlé. Cet équipement doit être installé et utilisé avec une distance minimale
de 10cm entre le radiateur et la carrosserie.
