## How to Share to Other Users

An easy way is to log in to your account on the app on other family members' phones. Another option is to add their account on your APP.

1. Found "Me"----enter the "Home Management".

2. Then it might want you to "Complete Home Information", if you don't use Tuya or Smart Life before. Just name this family group like "myhome". And in "Home Settings", add family members.

The screenshot shows a mobile application interface for managing a smart home. At the top, there are two status bars: the left one shows 17:34:35 and the right one shows 09:20. Below these are two navigation bars: 'Complete Home Information' on the left and 'Home Settings' on the right. The 'Complete Home Information' screen has a 'Home Name' field with a placeholder 'myhome' and a 'Save' button. The 'Home Settings' screen shows a list of rooms (Living Room, Master Bedroom, Second Bedroom, Dining Room, Kitchen, Study Room) each with a checked circular icon. To the right of the rooms are 'Location' (To Be Set), 'Manage Permissions', and a 'Home Member' section. The 'Home Member' section lists 'Frank in SKYNEX' as a 'Home Owner' with a QR code and a long ID. Below the member list is an 'Add Member' button. A red arrow labeled 'Step 3' points to the 'Home Name' field, and a red arrow labeled 'Step 4.' points to the 'Add Member' button.

**Step 4.**

Delete Home

3. Enter the name of the member to be added and his registered account (telephone or email). Remember to save, and this member is added successfully.

The image consists of two screenshots of a mobile application interface, likely for managing a family home.

**Screenshot 1: Add Member Screen**

This screen shows the process of adding a new member. At the top, there is a red button labeled "Remember to Save" and a blue "Save" button. Below these are fields for "Name" (Juan) and "Region" (China). A red box highlights the "Account" field, which contains the number "18450050175" and the text "Member registration account(telephone or email)". A note below states: "Only after accepting the invitation will the account owner become a family member and be able to use relevant functions." A red arrow points to the "Save" button.

**Screenshot 2: Home Settings Screen**

This screen shows the "Home Settings" for a home named "myhome". It includes sections for "Room Management" (6 Room(s)), "Location" (To Be Set), and "Manage Permissions". Below this is a "Home Member" section listing "Frank in SKYNEX" (Home Owner) and "Juan" (Waiting to join...). At the bottom, there are buttons for "Add Member" and "Delete Home".

Format TF Card	Format storage card.
Information	Check monitor information. Scan the QR code to bind Tuya Cellphone APP
WLAN	Connect Wi-Fi
Reset	Restore factory settings.

## Bind with Tuya App

- Connect** the monitor to your Wi-Fi. Be sure that your cell phone is connected to the same Wi-Fi.
- Download Tuya APP and run it.
- Follow the Tuya Instructions to turn on your cell phone **Bluetooth** and bind with the monitor.
- Wait till connection established **successfully**.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
