KB-BC45 mini product parameters:

Bluetooth Name: KB-BC45

Output power: 5w

Speaker specifications: 57mm/405W

Battery capacity: 1200mah

Operating voltage: 3.7v

Charging voltage: Dc 5v

Material: ABS + rubber oil + iron mesh

Playback function: FM+TF+USB+ BT+TWS

Bluetooth version: Jerry 5.1

Receiving distance: 15m².

Signal-to-noise ratio: > 80d

BInput sensitivity: 400mv

Playing time: 10h charge time: 2H

FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference

(2) This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- —Reorient or relocate the receiving antenna.
- —Increase the separation between the equipment and receiver.
- —Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- —Consult the dealer or an experienced radio/ TV technician for help.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. In order to avoid the possibility of exceeding the FCC radio frequency exposure limits, Human proximity to the antenna shall not be less than 20cm(8 inches)during normal

operation.

That changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
