Important Safeguards and Precautions

- SAVE THESE INSTRUCTIONS – They contain essential safety and operating instructions.
- Please turn off the keyboard when the keyboard is not in use for a long period of time.
- For indoor use only. Do not expose the keyboard to direct sunlight or wet conditions.
- Do not use the keyboard if equipment is damaged.
- Do not disassemble the product. Disassembly can result in safety hazards.
- Do not throw or reuse the product.

Power Saving Management
Note: When you aren't using the keyboard, it goes to sleep to conserve battery power. Press any button and wait 3 seconds to reactivate it. If you want to use your keyboard for an extended period, turn it off to conserve even more power.

Troubleshooting
If you cannot connect the Bluetooth keyboard to your device, or if the keyboard is not working, please try the following:
1. Ensure your device has Bluetooth and Bluetooth is enabled.
2. Restart the device and try to pair again.
3. Cancel the Bluetooth connection with other devices, and try to pair again.
4. Check to see if the Bluetooth software has been updated recently. If it hasn't, update the software and try to pair again.
5. Make sure the Bluetooth keyboard is within 33m (10m) of your device.
6. Install new batteries and try to pair again.
